Trade-marks Journal

2018-04-04 — Vol. 65 No. 3310

Canada

Trade-marks Journal

Vol. 65 No. 3310

General Information

The *Trade-marks Journal* is published every week in compliance with Rule 15 of the *Trade-marks Regulations*. The Registrar of Trade-marks cannot guarantee the accuracy of this publication, nor assume any responsibility for errors or omissions or the consequence of these. All mail relating to trademarks should be addressed to the Registrar of Trade-marks, 50 Victoria Street, Gatineau, Quebec, Canada, K1A 0C9.

Electronic *Trade-marks Journal*

The *Trade-marks Journal* is available in electronic form on the CIPO web site (http://cipo.gc.ca). The *Journal* is available in PDF format and can be downloaded free of charge, viewed and printed with Adobe Acrobat Reader. The electronic form of the *Trade-marks Journal* is the official version.

The *Journal* is also available in a printable HTML format as an alternate official version, and contains a search function to narrow and customize the *Journal* content to user defined areas of interest.

Official Languages

The *Journal* is available in English and in French. The application details are displayed based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the Journal are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the Journal have been translated. Any registration resulting from the application will be restricted to these goods or services described therein.

Filing Dates

The filing date of each trademark application advertised in the *Trade-marks Journal*, including those to extend the statement of goods or services of an existing registration, is shown next to the application number in the sequence of Year, Month and Day.

Nice Classification

The *Journal* includes reference to the Nice classification when the goods or services of an application have been grouped and classed by the applicant in accordance with the current version and edition of the Nice Classification.

Opposition

Any person who has a valid ground of opposition (see section 38 of the *Trade-marks Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Trade-marks Journal* may file a statement of opposition with the Registrar of Trade-marks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

TRADEMARK

OPEN PERFORMANCES

Goods

Class 09

(1) Computer software (recorded programs), computer programs (downloadable computer software) and software packages, namely database management software, computer software for automating data storage, computer operating programs, computer utility file compression programs, computer programs for document management; blank magnetic recording media and data carriers, namely recording discs, compact discs, digital versatile discs, CD-ROMs, DVD-ROMs; apparatus for recording, transmission or reproduction of sound, images or data, namely machines for recording and reading audio and video; apparatus and instruments for information processing, namely computers, computer hardware for data processing, central processing units; interfaces (computers), namely computer interface boards, network interface cards, computer interface cards; search engines (computer software), namely computer operating programs, computer software for Internet searches and browsing; scientific and computer apparatus and instruments for digitizing, namely optical scanners; computer, electronic and digital information terminals, and interactive computer, electronic and digital information terminals, namely computer terminals, video display terminals, smart terminals; checking (supervision) apparatus and instruments, namely switchboards.

Class 16

(2) Flyers; brochures; printed matter, namely colour print, flyers, tracts, booklets, pamphlets, information brochures, catalogues, journals, periodical publications, guides, information bulletins, newsletters; manuals; books; newspapers; magazines.

SERVICES

Class 35

(1) Human resources management; business audit services; market studies services; client station management (accounting), namely accounting, account management, account auditing; business auditing [business analyses]; statistics (information), namely compilation of statistics, analysis of data and statistics from market studies; collection and systematization of data in a central file, namely management and compilation of computer databases; computer file management; conducting of business, namely expert consulting in business efficiency; market research; analysis and processing of data from market studies and behavioural studies; opinion polls and surveys;

accounting; office functions, namely secretarial and clerical services; advertising, namely compilation, production and dissemination of advertising matter for others; consulting and advice related to client station management (accounting), namely accounting consulting and information services; planning, consulting and account management services.

Class 36

(2) Insurance; financial affairs, namely financial investment analysis and capital research, financing of industrial activities; planning, consulting and financial management services; actuarial services; consulting and assistance services in financial matters, namely expert consulting in financial analysis; insurance consultation; financial and economic research related to costs, loss determination; consulting services related to cost reduction; operation of financial databases, namely financial exchange of data between financial institutions and their customers, financial information provided online.

Class 38

(3) Telecommunications, namely bundled telecommunications services enabling the use of a cellular telephone, voice mail and call routing between wired and wireless services; communications through optical fibre networks, through computer terminals, through modems, through voice servers and by all multimedia means via domestic and international communications networks in the nature of Internet, intranet and Extranet, namely personal communications services; transmission of information, data, images and sounds through optical fibre networks, through computer terminals, through modems, through voice servers and by all multimedia means via domestic and international communications networks in the nature of Internet, intranet and Extranet, namely recording, storage and transmission of voice and text messages by telephone, video-on-demand transmission services; telecommunications connections to a computer network, namely provision of multiple-user access to a computer network.

Class 41

(4) Training in the use and operation of computer equipment; training in the use of computer software and software packages; organizing and arranging conventions, seminars, colloquia, training workshops, conferences, symposia in the field of business administration and business management; publication of texts other than advertising copy, namely publication and editing of printed matter.

Class 42

(5) Design (development) of computer systems; conversion of data and computer programs (other than physical conversion), namely data transfer and conversion from one medium to another; conversion of data or documents from physical to electronic media; database reconstitution, namely database design and development; production, namely development and design of computer programs for data processing; configuration of computer software; analysis of computer systems and computer data, namely technical support for diagnosing computer problems, computer diagnostic services; computer programming; design, development, updating, installation, rental and maintenance of computer software and software packages; consulting related to computer software and software packages; design, development, updating, installation and maintenance of websites; data hosting, namely website and server hosting; technical project studies, namely feasibility studies; research and development of new products and services (for others), namely database design and development, design and development of computer software, design and development of computer hardware, product development.

Class 45

(6) Legal services; legal advice; licensing of computer software and software packages [legal services].

CLAIMS

Priority Filing Date: FRANCE April 15, 2015, Application No: 15/4173739 in association with the same kind of goods and in association with the same kind of services. Used in FRANCE on goods and on services. Registered in or for FRANCE on April 15, 2015 under No. 15/4173739 on goods and on services. Proposed Use in CANADA on goods and on services

Application Number 1,724,725 **Filing Date** 2015-04-21
Language of Application English

GUARDHAT

Goods

Communication systems comprised of a control center, namely computers configured to send and receive signals and data, namely audio visual media namely two-way real-time audio communication, video and images taken by a camera and wireless broadband radio for audio communication, and wearable devices, namely hard hats, fire and rescue helmets, vests and belts, all featuring a radio transceiver and optionally featuring a display screen and/or a video camera configured to record, send, and receive the signals and data, for transmitting the signals and data between the control center and a defined population, namely individuals using the devices, using various wireless technologies in the nature of standard wireless local area network hardware and operating software, cellular apparatus for transmission of communication, wireless mesh network hardware, a system consisting of a single unit located in a construction hard hat comprised of apparatus for transmission of communication for short range wireless communications between electronic devices, RFID based radio communication devices, and RFID based data collection devices to enable communication between a control center and a user of the construction hard hat

Goods

Class 09

(1) Apparatus for recording, transmission or reproduction of sound or images, namely audio-video receivers, remote video consoles, video cameras, and web cameras; blank discs, blank laser discs, blank optical discs; calculating machines, data processing equipment, namely, computers; downloadable cloud computer software for use in cloud infrastructure management, data warehouse infrastructure management, database management and electronic storage of data; computer software for creating searchable databases of information and data; computer software for electronic storage of data; computers; computer hardware; computer servers; network servers; Internet servers; computer networking and communications hardware; computer network hubs, routers, controllers, switches and wireless access points; computer storage hardware; computer storage servers; computer storage area network (SAN) servers; computer network-attached storage (NAS) hardware; computer and communications hardware for storage area networks; disk backup hardware; hard disk drives; disk drive arrays and enclosures; redundant array of independent disks (RAID) controllers; host bus adapters; data storage systems comprising computer hardware, computer peripherals, namely, computer network hubs, routers, controllers, switches and wireless access point routers, disk drives, disk drive arrays and enclosures, redundant array of independent disks (RAID) controllers, host bus adapters, magnetic tape units for computers, blank tapes for storage of computer data, memory chips, namely, computer memories and computer memory hardware, semiconductors, printed circuit boards, integrated circuits and operating system software; integrated IT systems comprising computer, computer storage and networking computer hardware, hardware and software for operation and administration of converged computer network infrastructure; modular IT systems comprising computers, data storage servers, computer networking hardware, power modules for computers and computer networks and internal cooling modules for computers and computer networks;

computer peripherals, namely, computer network hubs, routers, controllers, switches and wireless access point routers, disk drives, disk drive arrays and enclosures, redundant array of independent disks (RAID) controllers, host bus adapters, magnetic tape units for computers, blank tapes for storage of computer data, memory chips, namely, computer memories and computer memory hardware, semiconductors, printed circuit boards, integrated circuits; digital signage consisting of multiple touch-enabled LCD flat panel screens; magnetic tape units for computers; blank tapes for storage of computer data; computer memory chips; semiconductors, printed circuit boards, integrated circuits and electronic components for computers; computer operating systems; server software; network software; cloud software; storage software; virtualization software; computer software for configuration, provisioning, deployment, control, management and virtualization of computers, computer servers and data storage devices, namely, high-speed storage subsystems for storage and backup of electronic data either locally or via telecommunications network; software for computer network operation, management, automation and virtualization; computer software for software-defined networking; local area network (LAN) operating software; wide area network (WAN) operating software; computer software for connecting disparate computer systems, servers and storage devices, namely, high-speed storage subsystems for storage and backup of electronic data either locally or via telecommunications network; software for cloud infrastructure management and automation; computer software used for running cloud computing based applications; cloud computer software for use in enterprise applications, database management, and electronic storage of data; computer software for monitoring cloud, web and application performance; computer software for information technology (IT) management, IT infrastructure management, remote IT infrastructure management, IT asset management and inventory, IT process automation, IT device lifecycle management, IT security, IT reporting and forecasting, IT infrastructure fault and performance monitoring, and IT service desk and help desk software; computer software for data protection and data security; computer software for providing security for computers, networks and electronic communications; application and network security software; computer software for monitoring computer network access and activity; computer software for assessing application security; data and document encryption and decryption software; cryptography software; computer user authentication software; software for information security compliance monitoring, reporting and analytics; IT security intelligence and risk management software; data backup, recovery and archiving software; computer software for data deduplication; database management software; computer software used to read and evaluate content located on global computer networks, databases and networks; computer software for application and database integration; computer search engine software; software for searching databases; computer software for creating searchable databases of information and data; computer data warehouse operation and automation software; data center operation and automation software; computer software for data transmission, storage, processing and reproduction; computer software for accessing, querying and analyzing information stored in databases and data warehouses; information and knowledge management software; business intelligence software; computer software that provides real-time, integrated business management intelligence by combining information from various databases; business and big data analytics software; computer software that automates the processing of un-structured, semi-structured and structured information and data stored on computer networks and the Internet; business process insight software; customer relationship management (CRM) software; enterprise resource and risk management software; project management software; records management software; software development and deployment tools; software development tools for the creation of mobile Internet applications and client interfaces; application testing and delivery software; application and product lifecycle management software; software-defined infrastructure (SDS) software; computer software that provides web-based access to applications and services through a web operating system or portal interface; software to automate and manage utility industry services, operations and billing; software for managing software licenses

Class 16

(2) Printed matter, namely, magazines, printed periodicals, books, newsletters, brochures and journals in the field of computers, computer software and information technology; instructional and teaching materials, namely guides, manuals, text books and work books in the field of computers, computer software and information technology; brochures about technological developments, printed reference guides, technical bulletins, data sheets and printed product catalogs in the field of computers and information technology; product operating and service guides for computers and computer peripherals

SERVICES

Class 35

(1) Advertising the goods and services of others; business management; business administration; office functions, namely, data processing services, managing computer networks; business management consulting services; business consulting services in the field of information technology (IT); business consultation services in the field of business process improvement and outsourcing; business consultation services in the field of enterprise architecture; IT outsourcing services and employment staffing for information technology projects; business process outsourcing services in the fields of computers and the use of computers and telecommunications systems for storing, retrieving and sending information; IT strategic planning services; IT asset management services; compilation and systemization of information into computer databases; database management services; online retail store services and ordering services featuring computer hardware, software and peripherals; business services, namely, assisting others in the negotiation and development of business partnerships and business alliances; developing marketing strategies and marketing concepts for others in the field of information and computer technology; developing promotional campaigns for others in the field of information and computer technology; customer relationship management services; electronic commerce services, namely, advertising the goods and services of others via the Internet for the purpose of selling such third party products and services; taxonomy services, namely, classification and organization of data for records management purposes; providing a website featuring an online marketplace for sellers and buyers of computer and IT goods and services; business knowledge management services; business data analysis

Class 36

(2) Insurance; financial affairs and monetary affairs, namely, financial information, management and analysis services; purchase financing and lease financing services; processing, management and administration of employee health and welfare benefit plans; providing credit card transaction processing services for others; providing insurance claim processing services for others; financial analysis and consultation services for the organization and administration of banking and financial operations; financial asset management; billing services

Class 37

(3) Building construction; repair of information technology (IT) equipment; installation of information technology (IT) equipment; installation, maintenance and repair of computers and computer, networking and telecommunications hardware

Class 38

(4) Transmission of images, texts, webcasts, and data in the fields of computer networking, computer networking, computer storage, computer infrastructure, computer systems and telecommunications systems by means of local area networks (LANs), wide area networks (WANs), cloud networks, mobile networks and the internet; Transmission of information in the fields of business management, business operations, computers, computer networks and electronic commerce by means of local area networks (LANs), wide area networks (WANs), cloud networks, mobile networks and the Internet; Providing private and secure real time electronic communication, namely, emails, text messages, and voice messages, by means of local area networks (LANs), wide area networks (WANs), cloud networks, mobile networks and the Internet; providing virtual private network services, namely, providing computer network security services to enable private and secure transmission of electronic communications over private or public computer networks; consulting in the field of communications and telecommunications; providing online chat rooms, bulletin boards and forums for transmission of messages among users in the fields of computers and the use of computers and telecommunications systems for storing, retrieving and sending information; streaming of audio and video material via the Internet, namely, news segments and short films in the fields of computers, development and operation of computer software and computer networks and information technology; voice over Internet protocol (VOIP) services

Class 41

(5) Educational and training services, namely, conducting classes, workshops, seminars and conferences in the field of computers, software, electronic commerce and information technology; online journals, namely, blogs featuring information in the fields of computers, software, electronic commerce and information technology

Class 42

(6) Research and development of new products for others; research and development of computer software; research and development in the field of computer hardware, computer software and computer networks; design and development of computer hardware and software; computer systems analysis, planning, integration and design; integration of computer systems and software; integration of computer systems and networks; computer system administration for others; rental and leasing of computer hardware and computer peripherals; computer consulting services; advice on designing, selecting, and using computer hardware and systems; computer software consultancy; consulting services for others in the selection, implementation and use of computer software; consulting services in the field of software as a service; Internet consulting services, namely, technical consulting services in the fields of datacenter architecture, public and private cloud computing solutions, and evaluation and implementation of internet technology and services; consulting services in the field of management of computer hardware, computer software and computer networks; consulting in the field of IT and applications transformation, integration, modernization, migration, design, development, implementation, testing, optimization, operation and management; Consulting services in the field of cloud computing; consulting services in the field of big data processing and analytics; consulting in the field of cloud infrastructure; consulting services in the fields of datacenter architecture, public and private cloud computing solutions, and evaluation and implementation of Internet technology and services; consulting in the field of information security, governance and compliance; consulting in the field of computer and information security and IT risk management; consulting in the field of IT mobility and workplace services, namely, business efficiency services and risk management services; technological consultation in the technology field of unified communications hardware and software; consulting in the field of IT solutions for customer relationship management, finance and administration, human resources, payroll and document processing; consulting in the field of application delivery

management; consulting in the field of marketing optimization; consulting in the fields of converged infrastructure and hyper-converged infrastructure; consulting in the field of utility industry services, operations and billing; consulting in the field of environmental and energy efficiency; scientific and technological services, namely, research and design in the field of computer networking hardware and computer datacenter architecture; technical consulting services in the field of datacenter architecture; providing temporary use of online non-downloadable middleware for providing an interface between software applications and operating systems; providing temporary use of on-line non-downloadable cloud computing software for use in database management and electronic storage of data; computer hardware and software design and development; computer programming services; developing driver and operating system software; software application development, modernization and cloud integration; software installation, maintenance and update services; testing the operation and functionality of computers, networks and software; business technology software development and consultation services; computer programming services for others in the field of software configuration management; computer software development in the field of mobile applications; updating and maintaining cloud-based computer software through on-line updates, enhancements and patches; service desk, help desk and troubleshooting services for IT infrastructure, computer hardware, computer software, computer peripherals and computer networks; technical support services, namely, troubleshooting of computer software problems; technical support services, namely, troubleshooting in the nature of diagnosing computer hardware and software problems; technical support services, namely, migration of datacenter, server and database applications; technical support services, namely, monitoring of computers, network systems, servers and web and database applications, and notification of related events and alerts; technical support services, namely remote real-time computer and network monitoring services; technical support services, namely, remote and on-site infrastructure management services for monitoring, administration, and management of public and private cloud computing IT and application systems; providing website hosting services, website development and customized online web pages for others; consulting services in the field of cloud computing; cloud hosting provider services; hosting software applications for others; cloud hosting of electronic databases; web, cloud and computer infrastructure hosting services; providing servers of variable capacity to others; rental of computing and data storage facilities of variable capacity to third parties; infrastructure-as-a-service (IaaS) services, namely, providing computer hardware, computer software, computer peripherals to others on a subscription or pay-per-use basis; virtualization services, namely, hosting and providing remote access to virtualized client computers; virtualization services, namely, providing temporary use of non-downloadable software for hosting and providing remote access to virtualized client computers; integration of private and public cloud computing environments; remote and on-site management of information technology (IT) systems and software applications for others; cloud computing featuring software for use in database management; computer services, namely, hosting, managing, provisioning, scaling, administering, maintaining, monitoring, securing, encrypting, decrypting, replicating and backing up databases for others; management of data centers, IT security, cloud computing, workplace technology, computer networks, unified communications and enterprise IT services for others; rental of space in a computer co-location facility for containerized data centers of others; database development services; data mining services; data backup and data restoration services; data migration services; data encryption and decryption services; cloud computing featuring software for use in database management and data warehousing; electronic data storage services, namely cloud storage services, storage-as-a service and online storage services for others; electronic storage of digital content, namely, images, text, video and audio data; software-as-a-service (SaaS) services featuring software for information technology (IT) management, IT infrastructure management, remote IT infrastructure management, IT asset management and inventory, IT process automation, IT device lifecycle management, IT security, IT reporting and forecasting, IT infrastructure fault and performance monitoring; software as a service for managing IT service desks and IT help desk services; software as a service for use in enterprise applications, database management, and electronic storage of data; software as a service for monitoring cloud, web and application performance; software as a service for cloud infrastructure management and automation; software as a service for data protection and data security; software as a service for information security compliance monitoring, reporting and analytics; software as a service for IT security intelligence and risk management; software as a service for data backup, recovery and archiving; software as a service for data searching, namely, for creating searchable databases of information and data; software as a service for data transmission, storage, processing and reproduction; software as a service for real-time, integrated business management intelligence by combining information from various databases; software as a service for business analytics, namely collecting and analyzing data to facilitate business decision making; software as a service for use in big data analysis; software as a service for automating the processing of un-structured, semi-structured and structured information and data stored on computer networks and the Internet; software as a service for business organization and business process virtualization and management; software as a service for customer relationship management (CRM); software as a service for enterprise resource planning (ERP); software as a service for business risk management; software as a service for project portfolio management (PPM); software as a service for records management; software as a service for product lifecycle management; infrastructure-as-a-service in the nature of technical support services, namely, remote and on-site infrastructure management services for monitoring, administration and management of public and private cloud computing IT and application systems; temporary use of non-downloadable software, for converged IT systems infrastructure; temporary use of non-downloadable software for computer and network operation, management, automation, virtualization, configuration, provisioning, deployment, and control; temporary use of non-downloadable software for information technology (IT) management, IT infrastructure management, remote IT infrastructure management, IT asset management and inventory, IT process automation, IT device lifecycle management, IT security, IT reporting and forecasting, IT infrastructure fault and performance monitoring, and IT service desk and help desk functions; temporary use of non-downloadable software for data protection, data security, and computer application and network security; temporary use of non-downloadable software for information security regulatory compliance; temporary use of non-downloadable software for monitoring computer network access and activity; temporary use of non-downloadable software for data encryption and decryption, cryptography, computer user authentication, and information security compliance monitoring, reporting and analytics; temporary use of non-downloadable software for data backup, recovery, archiving and deduplication; temporary use of non-downloadable software for cloud infrastructure management and automation; temporary use of non-downloadable software for cloud, web and application performance monitoring; temporary use of non-downloadable software for database and database management, data warehouse operation and automation, data center operation and automation, application and database integration, data transmission, storage, processing and reproduction, and for accessing, querying and analyzing information stored in databases and data warehouses; temporary use of non-downloadable software for business intelligence, business process insight, data analytics, information management, knowledge management, customer relationship management, and enterprise resource and risk management; temporary use of non-downloadable software for storing, managing, tracking, and analyzing business data; temporary use of non-downloadable search engine software and software for project and records management; temporary use of non-downloadable software for software development, deployment, testing, delivery and application lifecycle management; temporary use of non-downloadable software-defined infrastructure (SDS) software for virtualizing and managing computers, computer hardware, computer software, servers, computer networks and data storage; temporary use of non-downloadable software in fields of converged and hyper-converged IT infrastructure; software as a service services, namely, hosting cloud and datacenter infrastructure software for use by others for use in database management and application development; temporary use of non-downloadable software for automating and managing utility industry services, operations and billing; temporary use of non-downloadable software for managing software licenses

Colour Claim
Colour is claimed as a feature of the trade-mark. The mark consists of the outline of a green rectangle.

Goods

Class 09
(1) Apparatus for recording, transmission or reproduction of sound or images, namely audio-video receivers, remote video consoles, video cameras, and web cameras; blank discs, blank laser discs, blank optical discs; calculating machines, data processing equipment, namely, computers; downloadable cloud computer software for use in cloud infrastructure management, data warehouse infrastructure management, database management and electronic storage of data; computer software for creating searchable databases of information and data; computer software for electronic storage of data; computers; computer hardware; computer servers; network servers; Internet servers; computer networking and communications hardware; computer network hubs, routers, controllers, switches and wireless access points; computer storage hardware; computer storage servers; computer storage area network (SAN) servers; computer network-attached storage (NAS) hardware; computer and communications hardware for storage area networks; disk backup hardware; hard disk drives; disk drive arrays and enclosures; redundant array of independent disks (RAID) controllers; host bus adapters; data storage systems comprising computer hardware, computer peripherals, namely, computer network hubs, routers, controllers, switches and wireless access point routers, disk drives, disk drive arrays and enclosures, redundant array of independent disks (RAID) controllers, host bus adapters, magnetic tape units for computers, blank tapes for storage of computer data, memory chips, namely, computer

memories and computer memory hardware, semiconductors, printed circuit boards, integrated circuits and operating system software; integrated IT systems comprising computer, computer storage and networking computer hardware, hardware and software for operation and administration of converged computer network infrastructure; modular IT systems comprising computers, data storage servers, computer networking hardware, power modules for computers and computer networks and internal cooling modules for computers and computer networks; computer peripherals, namely, computer network hubs, routers, controllers, switches and wireless access point routers, disk drives, disk drive arrays and enclosures, redundant array of independent disks (RAID) controllers, host bus adapters, magnetic tape units for computers, blank tapes for storage of computer data, memory chips, namely, computer memories and computer memory hardware, semiconductors, printed circuit boards, integrated circuits; digital signage consisting of multiple touch-enabled LCD flat panel screens; magnetic tape units for computers; blank tapes for storage of computer data; computer memory chips; semiconductors, printed circuit boards, integrated circuits and electronic components for computers; computer operating systems; server software; network software; cloud software; storage software; virtualization software; computer software for configuration, provisioning, deployment, control, management and virtualization of computers, computer servers and data storage devices, namely, high-speed storage subsystems for storage and backup of electronic data either locally or via telecommunications network; software for computer network operation, management, automation and virtualization; computer software for software-defined networking; local area network (LAN) operating software; wide area network (WAN) operating software; computer software for connecting disparate computer systems, servers and storage devices, namely, high-speed storage subsystems for storage and backup of electronic data either locally or via telecommunications network; software for cloud infrastructure management and automation; computer software used for running cloud computing based applications; cloud computer software for use in enterprise applications, database management, and electronic storage of data; computer software for monitoring cloud, web and application performance; computer software for information technology (IT) management, IT infrastructure management, remote IT infrastructure management, IT asset management and inventory, IT process automation, IT device lifecycle management, IT security, IT reporting and forecasting, IT infrastructure fault and performance monitoring, and IT service desk and help desk software; computer software for data protection and data security; computer software for providing security for computers, networks and electronic communications; application and network security software; computer software for monitoring computer network access and activity; computer software for assessing application security; data and document encryption and decryption software; cryptography software; computer user authentication software; software for information security compliance monitoring, reporting and analytics; IT security intelligence and risk management software; data backup, recovery and archiving software; computer software for data deduplication; database management software; computer software used to read and evaluate content located on global computer networks, databases and networks; computer software for application and database integration; computer search engine software; software for searching databases; computer software for creating searchable databases of information and data; computer data warehouse operation and automation software; data center operation and automation software; computer software for data transmission, storage, processing and reproduction; computer software for accessing, querying and analyzing information stored in databases and data warehouses; information and knowledge management software; business intelligence software; computer software that provides real-time, integrated business management intelligence by combining information from various databases; business and big data analytics software; computer software that automates the processing of un-structured, semi-structured and structured information and data stored on computer networks and the Internet; business process insight software; customer relationship management (CRM) software; enterprise resource and risk management software; project management software; records management software; software development and deployment tools; software development tools for the creation of mobile Internet applications and client interfaces; application testing and delivery software; application and product lifecycle management software; software-defined infrastructure (SDS) software; computer software that provides web-based access to applications and services through a web operating system or portal interface; software to automate and manage utility industry services, operations and billing; software for managing software licenses

Class 16

(2) Printed matter, namely, magazines, printed periodicals, books, newsletters, brochures and journals in the field of computers, computer software and information technology; instructional and teaching materials, namely guides, manuals, text books and work books in the field of computers, computer software and information technology; brochures about technological developments, printed reference guides, technical bulletins, data sheets and printed product catalogs in the field of computers and information technology; product operating and service guides for computers and computer peripherals

SERVICES

Class 35

(1) Advertising the goods and services of others; business management; business administration; office functions, namely, data processing services, managing computer networks; business management consulting services; business consulting services in the field of information technology (IT); business consultation services in the field of business process improvement and outsourcing; business consultation services in the field of enterprise architecture; IT outsourcing services and employment staffing for information technology projects; business process outsourcing services in the fields of computers and the use of computers and telecommunications systems for storing, retrieving and sending information; IT strategic planning services; IT asset management services; compilation and systemization of information into computer databases; database management services; online retail store services and ordering services featuring computer hardware, software and peripherals; business services, namely, assisting others in the negotiation and development of business partnerships and business alliances; developing marketing strategies and marketing concepts for others in the field of information and computer technology; developing promotional campaigns for others in the field of information and computer technology; customer relationship management services; electronic commerce services, namely, advertising the goods and services of others via the Internet for the purpose of selling such third party products and services; taxonomy services, namely, classification and organization of data for records management purposes; providing a website featuring an online marketplace for sellers and buyers of computer and IT goods and services; business knowledge management services; business data analysis

Class 36

(2) Insurance; financial affairs and monetary affairs, namely, financial information, management and analysis services; purchase financing and lease financing services; processing, management and administration of employee health and welfare benefit plans; providing credit card transaction processing services for others; providing insurance claim processing services for others; financial analysis and consultation services for the organization and administration of banking and financial operations; financial asset management; billing services

Class 37

(3) Building construction; repair of information technology (IT) equipment; installation of information technology (IT) equipment; installation, maintenance and repair of computers and computer, networking and telecommunications hardware

Class 38

(4) Transmission of images, texts, webcasts, and data in the fields of computer networking, computer networking, computer storage, computer infrastructure, computer systems and telecommunications systems by means of local area networks (LANs), wide area networks (WANs), cloud networks, mobile networks and the internet; Transmission of information in the fields of business management, business operations, computers, computer networks and electronic commerce by means of local area networks (LANs), wide area networks (WANs), cloud networks, mobile networks and the Internet; Providing private and secure real time electronic communication, namely, emails, text messages, and voice messages, by means of local area networks (LANs), wide area networks (WANs), cloud networks, mobile networks and the Internet; providing virtual private network services, namely, providing computer network security services to enable private and secure transmission of electronic communications over private or public computer networks; consulting in the field of communications and telecommunications; providing online chat rooms, bulletin boards and forums for transmission of messages among users in the fields of computers and the use of computers and telecommunications systems for storing, retrieving and sending information; streaming of audio and video material via the Internet, namely, news segments and short films in the fields of computers, development and operation of computer software and computer networks and information technology; voice over Internet protocol (VOIP) services

Class 41

(5) Educational and training services, namely, conducting classes, workshops, seminars and conferences in the field of computers, software, electronic commerce and information technology; online journals, namely, blogs featuring information in the fields of computers, software, electronic commerce and information technology

Class 42

(6) Research and development of new products for others; research and development of computer software; research and development in the field of computer hardware, computer software and computer networks; design and development of computer hardware and software; computer systems analysis, planning, integration and design; integration of computer systems and software; integration of computer systems and networks; computer system administration for others; rental and leasing of computer hardware and computer peripherals; computer consulting services; advice on designing, selecting, and using computer hardware and systems; computer software consultancy; consulting services for others in the selection, implementation and use of computer software; consulting services in the field of software as a service; Internet consulting services, namely, technical consulting services in the fields of datacenter architecture, public and private cloud computing solutions, and evaluation and implementation of internet technology and services; consulting services in the field of management of computer hardware, computer software and computer networks; consulting in the field of IT and applications transformation, integration, modernization, migration, design, development, implementation, testing, optimization, operation and management; Consulting services in the field of cloud computing; consulting services in the field of big data processing and analytics; consulting in the field of cloud infrastructure; consulting services in the fields of datacenter architecture, public and private cloud computing solutions, and evaluation and implementation of Internet technology and services; consulting in the field of information security, governance and compliance; consulting in the field of computer and

information security and IT risk management; consulting in the field of IT mobility and workplace services, namely, business efficiency services and risk management services; technological consultation in the technology field of unified communications hardware and software; consulting in the field of IT solutions for customer relationship management, finance and administration, human resources, payroll and document processing; consulting in the field of application delivery management; consulting in the field of marketing optimization; consulting in the fields of converged infrastructure and hyper-converged infrastructure; consulting in the field of utility industry services, operations and billing; consulting in the field of environmental and energy efficiency; scientific and technological services, namely, research and design in the field of computer networking hardware and computer datacenter architecture; technical consulting services in the field of datacenter architecture; providing temporary use of online non-downloadable middleware for providing an interface between software applications and operating systems; providing temporary use of on-line non-downloadable cloud computing software for use in database management and electronic storage of data; computer hardware and software design and development; computer programming services; developing driver and operating system software; software application development, modernization and cloud integration; software installation, maintenance and update services; testing the operation and functionality of computers, networks and software; business technology software development and consultation services; computer programming services for others in the field of software configuration management; computer software development in the field of mobile applications; updating and maintaining cloud-based computer software through on-line updates, enhancements and patches; service desk, help desk and troubleshooting services for IT infrastructure, computer hardware, computer software, computer peripherals and computer networks; technical support services, namely, troubleshooting of computer software problems; technical support services, namely, troubleshooting in the nature of diagnosing computer hardware and software problems; technical support services, namely, migration of datacenter, server and database applications; technical support services, namely, monitoring of computers, network systems, servers and web and database applications, and notification of related events and alerts; technical support services, namely remote real-time computer and network monitoring services; technical support services, namely, remote and on-site infrastructure management services for monitoring, administration, and management of public and private cloud computing IT and application systems; providing website hosting services, website development and customized online web pages for others; consulting services in the field of cloud computing; cloud hosting provider services; hosting software applications for others; cloud hosting of electronic databases; web, cloud and computer infrastructure hosting services; providing servers of variable capacity to others; rental of computing and data storage facilities of variable capacity to third parties; infrastructure-as-a-service (IaaS) services, namely, providing computer hardware, computer software, computer peripherals to others on a subscription or pay-per-use basis; virtualization services, namely, hosting and providing remote access to virtualized client computers; virtualization services, namely, providing temporary use of non-downloadable software for hosting and providing remote access to virtualized client computers; integration of private and public cloud computing environments; remote and on-site management of information technology (IT) systems and software applications for others; cloud computing featuring software for use in database management; computer services, namely, hosting, managing, provisioning, scaling, administering, maintaining, monitoring, securing, encrypting, decrypting, replicating and backing up databases for others; management of data centers, IT security, cloud computing, workplace technology, computer networks, unified communications and enterprise IT services for others; rental of space in a computer co-location facility for containerized data centers of others; database development services; data mining services; data backup and data restoration services; data migration services; data encryption and decryption services; cloud computing featuring software for use in database

management and data warehousing; electronic data storage services, namely cloud storage services, storage-as-a service and online storage services for others; electronic storage of digital content, namely, images, text, video and audio data; software-as-a-service (SaaS) services featuring software for information technology (IT) management, IT infrastructure management, remote IT infrastructure management, IT asset management and inventory, IT process automation, IT device lifecycle management, IT security, IT reporting and forecasting, IT infrastructure fault and performance monitoring; software as a service for managing IT service desks and IT help desk services; software as a service for use in enterprise applications, database management, and electronic storage of data; software as a service for monitoring cloud, web and application performance; software as a service for cloud infrastructure management and automation; software as a service for data protection and data security; software as a service for information security compliance monitoring, reporting and analytics; software as a service for IT security intelligence and risk management; software as a service for data backup, recovery and archiving; software as a service for data searching, namely, for creating searchable databases of information and data; software as a service for data transmission, storage, processing and reproduction; software as a service for real-time, integrated business management intelligence by combining information from various databases; software as a service for business analytics, namely collecting and analyzing data to facilitate business decision making; software as a service for use in big data analysis; software as a service for automating the processing of un-structured, semi-structured and structured information and data stored on computer networks and the Internet; software as a service for business organization and business process virtualization and management; software as a service for customer relationship management (CRM); software as a service for enterprise resource planning (ERP); software as a service for business risk management; software as a service for project portfolio management (PPM); software as a service for records management; software as a service for product lifecycle management; infrastructure-as-a-service in the nature of technical support services, namely, remote and on-site infrastructure management services for monitoring, administration and management of public and private cloud computing IT and application systems; temporary use of non-downloadable software, for converged IT systems infrastructure; temporary use of non-downloadable software for computer and network operation, management, automation, virtualization, configuration, provisioning, deployment, and control; temporary use of non-downloadable software for information technology (IT) management, IT infrastructure management, remote IT infrastructure management, IT asset management and inventory, IT process automation, IT device lifecycle management, IT security, IT reporting and forecasting, IT infrastructure fault and performance monitoring, and IT service desk and help desk functions; temporary use of non-downloadable software for data protection, data security, and computer application and network security; temporary use of non-downloadable software for information security regulatory compliance; temporary use of non-downloadable software for monitoring computer network access and activity; temporary use of non-downloadable software for data encryption and decryption, cryptography, computer user authentication, and information security compliance monitoring, reporting and analytics; temporary use of non-downloadable software for data backup, recovery, archiving and deduplication; temporary use of non-downloadable software for cloud infrastructure management and automation; temporary use of non-downloadable software for cloud, web and application performance monitoring; temporary use of non-downloadable software for database and database management, data warehouse operation and automation, data center operation and automation, application and database integration, data transmission, storage, processing and reproduction, and for accessing, querying and analyzing information stored in databases and data warehouses; temporary use of non-downloadable software for business intelligence, business process insight, data analytics, information management, knowledge management, customer relationship management, and

enterprise resource and risk management; temporary use of non-downloadable software for storing, managing, tracking, and analyzing business data; temporary use of non-downloadable search engine software and software for project and records management; temporary use of non-downloadable software for software development, deployment, testing, delivery and application lifecycle management; temporary use of non-downloadable software-defined infrastructure (SDS) software for virtualizing and managing computers, computer hardware, computer software, servers, computer networks and data storage; temporary use of non-downloadable software in fields of converged and hyper-converged IT infrastructure; software as a service services, namely, hosting cloud and datacenter infrastructure software for use by others for use in database management and application development; temporary use of non-downloadable software for automating and managing utility industry services, operations and billing; temporary use of non-downloadable software for managing software licenses

Goods

Class 09

(1) Apparatus for recording, transmission or reproduction of sound or images, namely audio-video receivers, remote video consoles, video cameras, and web cameras; blank discs, blank laser discs, blank optical discs; calculating machines, data processing equipment, namely, computers; downloadable cloud computer software for use in cloud infrastructure management, data warehouse infrastructure management, database management and electronic storage of data; computer software for creating searchable databases of information and data; computer software for electronic storage of data; computers; computer hardware; computer servers; network servers; Internet servers; computer networking and communications hardware; computer network hubs, routers, controllers, switches and wireless access points; computer storage hardware; computer storage servers; computer storage area network (SAN) servers; computer network-attached storage (NAS) hardware; computer and communications hardware for storage area networks; disk backup hardware; hard disk drives; disk drive arrays and enclosures; redundant array of independent disks (RAID) controllers; host bus adapters; data storage systems comprising computer hardware, computer peripherals, namely, computer network hubs, routers, controllers, switches and wireless access point routers, disk drives, disk drive arrays and enclosures, redundant array of independent disks (RAID) controllers, host bus adapters, magnetic tape units for computers, blank tapes for storage of computer data, memory chips, namely, computer memories and computer memory hardware, semiconductors, printed circuit boards, integrated circuits and operating system software; integrated IT systems comprising computer, computer

storage and networking computer hardware, hardware and software for operation and administration of converged computer network infrastructure; modular IT systems comprising computers, data storage servers, computer networking hardware, power modules for computers and computer networks and internal cooling modules for computers and computer networks; computer peripherals, namely, computer network hubs, routers, controllers, switches and wireless access point routers, disk drives, disk drive arrays and enclosures, redundant array of independent disks (RAID) controllers, host bus adapters, magnetic tape units for computers, blank tapes for storage of computer data, memory chips, namely, computer memories and computer memory hardware, semiconductors, printed circuit boards, integrated circuits; digital signage consisting of multiple touch-enabled LCD flat panel screens; magnetic tape units for computers; blank tapes for storage of computer data; computer memory chips; semiconductors, printed circuit boards, integrated circuits and electronic components for computers; computer operating systems; server software; network software; cloud software; storage software; virtualization software; computer software for configuration, provisioning, deployment, control, management and virtualization of computers, computer servers and data storage devices, namely, high-speed storage subsystems for storage and backup of electronic data either locally or via telecommunications network; software for computer network operation, management, automation and virtualization; computer software for software-defined networking; local area network (LAN) operating software; wide area network (WAN) operating software; computer software for connecting disparate computer systems, servers and storage devices, namely, high-speed storage subsystems for storage and backup of electronic data either locally or via telecommunications network; software for cloud infrastructure management and automation; computer software used for running cloud computing based applications; cloud computer software for use in enterprise applications, database management, and electronic storage of data; computer software for monitoring cloud, web and application performance; computer software for information technology (IT) management, IT infrastructure management, remote IT infrastructure management, IT asset management and inventory, IT process automation, IT device lifecycle management, IT security, IT reporting and forecasting, IT infrastructure fault and performance monitoring, and IT service desk and help desk software; computer software for data protection and data security; computer software for providing security for computers, networks and electronic communications; application and network security software; computer software for monitoring computer network access and activity; computer software for assessing application security; data and document encryption and decryption software; cryptography software; computer user authentication software; software for information security compliance monitoring, reporting and analytics; IT security intelligence and risk management software; data backup, recovery and archiving software; computer software for data deduplication; database management software; computer software used to read and evaluate content located on global computer networks, databases and networks; computer software for application and database integration; computer search engine software; software for searching databases; computer software for creating searchable databases of information and data; computer data warehouse operation and automation software; data center operation and automation software; computer software for data transmission, storage, processing and reproduction; computer software for accessing, querying and analyzing information stored in databases and data warehouses; information and knowledge management software; business intelligence software; computer software that provides real-time, integrated business management intelligence by combining information from various databases; business and big data analytics software; computer software that automates the processing of un-structured, semi-structured and structured information and data stored on computer networks and the Internet; business process insight software; customer relationship management (CRM) software; enterprise resource and risk management software; project management software; records management software; software development and deployment tools; software development tools for the creation of mobile Internet applications and client interfaces; application testing and delivery software; application and product lifecycle management software; software-defined infrastructure (SDS) software; computer software that provides web-based access to applications and services through a web operating system or portal interface; software to automate and manage utility industry services, operations and billing; software for managing software licenses.

Class 16

(2) Printed matter, namely, magazines, printed periodicals, books, newsletters, brochures and journals in the field of computers, computer software and information technology; instructional and teaching materials, namely guides, manuals, text books and work books in the field of computers, computer software and information technology; brochures about technological developments, printed reference guides, technical bulletins, data sheets and printed product catalogs in the field of computers and information technology; product operating and service guides for computers and computer peripherals

SERVICES

Class 35

(1) Advertising the goods and services of others; business management; business administration; office functions, namely, data processing services, managing computer networks; business management consulting services; business consulting services in the field of information technology (IT); business consultation services in the field of business process improvement and outsourcing; business consultation services in the field of enterprise architecture; IT outsourcing services and employment staffing for information technology projects; business process outsourcing services in the fields of computers and the use of computers and telecommunications systems for storing, retrieving and sending information; IT strategic planning services; IT asset management services; compilation and systemization of information into computer databases; database management services; online retail store services and ordering services featuring computer hardware, software and peripherals; business services, namely, assisting others in the negotiation and development of business partnerships and business alliances; developing marketing strategies and marketing concepts for others in the field of information and computer technology; developing promotional campaigns for others in the field of information and computer technology; customer relationship management services; electronic commerce services, namely, advertising the goods and services of others via the Internet for the purpose of selling such third party products and services; taxonomy services, namely, classification and organization of data for records management purposes; providing a website featuring an online marketplace for sellers and buyers of computer and IT goods and services; business knowledge management services; business data analysis

Class 36

(2) Insurance; financial affairs and monetary affairs, namely, financial information, management and analysis services; purchase financing and lease financing services; processing, management and administration of employee health and welfare benefit plans; providing credit card transaction processing services for others; providing insurance claim processing services for others; financial analysis and consultation services for the organization and administration of banking and financial operations; financial asset management; billing services

Class 37

(3) Building construction; repair of information technology (IT) equipment; installation of information technology (IT) equipment; installation, maintenance and repair of computers and computer, networking and telecommunications hardware

Class 38

(4) Transmission of images, texts, webcasts, and data in the fields of computer networking, computer networking, computer storage, computer infrastructure, computer systems and telecommunications systems by means of local area networks (LANs), wide area networks (WANs), cloud networks, mobile networks and the internet; Transmission of information in the fields of business management, business operations, computers, computer networks and electronic commerce by means of local area networks (LANs), wide area networks (WANs), cloud networks, mobile networks and the Internet; Providing private and secure real time electronic communication, namely, emails, text messages, and voice messages, by means of local area networks (LANs), wide area networks (WANs), cloud networks, mobile networks and the Internet; providing virtual private network services, namely, providing computer network security services to enable private and secure transmission of electronic communications over private or public computer networks; consulting in the field of communications and telecommunications; providing online chat rooms, bulletin boards and forums for transmission of messages among users in the fields of computers and the use of computers and telecommunications systems for storing, retrieving and sending information; streaming of audio and video material via the Internet, namely, news segments and short films in the fields of computers, development and operation of computer software and computer networks and information technology; voice over Internet protocol (VOIP) services

Class 41

(5) Educational and training services, namely, conducting classes, workshops, seminars and conferences in the field of computers, software, electronic commerce and information technology; online journals, namely, blogs featuring information in the fields of computers, software, electronic commerce and information technology

Class 42

(6) Research and development of new products for others; research and development of computer software; research and development in the field of computer hardware, computer software and computer networks; design and development of computer hardware and software; computer systems analysis, planning, integration and design; integration of computer systems and software; integration of computer systems and networks; computer system administration for others; rental and leasing of computer hardware and computer peripherals; computer consulting services; advice on designing, selecting, and using computer hardware and systems; computer software consultancy; consulting services for others in the selection, implementation and use of computer software; consulting services in the field of software as a service; Internet consulting services, namely, technical consulting services in the fields of datacenter architecture, public and private cloud computing solutions, and evaluation and implementation of internet technology and services; consulting services in the field of management of computer hardware, computer software and computer networks; consulting in the field of IT and applications transformation, integration, modernization, migration, design, development, implementation, testing, optimization, operation and management; Consulting services in the field of cloud computing; consulting services in the field of big data processing and analytics; consulting in the field of cloud infrastructure; consulting services in the fields of datacenter architecture, public and private cloud computing solutions, and evaluation and implementation of Internet technology and services; consulting in the field of information security, governance and compliance; consulting in the field of computer and

information security and IT risk management; consulting in the field of IT mobility and workplace services, namely, business efficiency services and risk management services; technological consultation in the technology field of unified communications hardware and software; consulting in the field of IT solutions for customer relationship management, finance and administration, human resources, payroll and document processing; consulting in the field of application delivery management; consulting in the field of marketing optimization; consulting in the fields of converged infrastructure and hyper-converged infrastructure; consulting in the field of utility industry services, operations and billing; consulting in the field of environmental and energy efficiency; scientific and technological services, namely, research and design in the field of computer networking hardware and computer datacenter architecture; technical consulting services in the field of datacenter architecture; providing temporary use of online non-downloadable middleware for providing an interface between software applications and operating systems; providing temporary use of on-line non-downloadable cloud computing software for use in database management and electronic storage of data; computer hardware and software design and development; computer programming services; developing driver and operating system software; software application development, modernization and cloud integration; software installation, maintenance and update services; testing the operation and functionality of computers, networks and software; business technology software development and consultation services; computer programming services for others in the field of software configuration management; computer software development in the field of mobile applications; updating and maintaining cloud-based computer software through on-line updates, enhancements and patches; service desk, help desk and troubleshooting services for IT infrastructure, computer hardware, computer software, computer peripherals and computer networks; technical support services, namely, troubleshooting of computer software problems; technical support services, namely, troubleshooting in the nature of diagnosing computer hardware and software problems; technical support services, namely, migration of datacenter, server and database applications; technical support services, namely, monitoring of computers, network systems, servers and web and database applications, and notification of related events and alerts; technical support services, namely remote real-time computer and network monitoring services; technical support services, namely, remote and on-site infrastructure management services for monitoring, administration, and management of public and private cloud computing IT and application systems; providing website hosting services, website development and customized online web pages for others; consulting services in the field of cloud computing; cloud hosting provider services; hosting software applications for others; cloud hosting of electronic databases; web, cloud and computer infrastructure hosting services; providing servers of variable capacity to others; rental of computing and data storage facilities of variable capacity to third parties; infrastructure-as-a-service (IaaS) services, namely, providing computer hardware, computer software, computer peripherals to others on a subscription or pay-per-use basis; virtualization services, namely, hosting and providing remote access to virtualized client computers; virtualization services, namely, providing temporary use of non-downloadable software for hosting and providing remote access to virtualized client computers; integration of private and public cloud computing environments; remote and on-site management of information technology (IT) systems and software applications for others; cloud computing featuring software for use in database management; computer services, namely, hosting, managing, provisioning, scaling, administering, maintaining, monitoring, securing, encrypting, decrypting, replicating and backing up databases for others; management of data centers, IT security, cloud computing, workplace technology, computer networks, unified communications and enterprise IT services for others; rental of space in a computer co-location facility for containerized data centers of others; database development services; data mining services; data backup and data restoration services; data migration services; data encryption and decryption services; cloud computing featuring software for use in database

management and data warehousing; electronic data storage services, namely cloud storage services, storage-as-a service and online storage services for others; electronic storage of digital content, namely, images, text, video and audio data; software-as-a-service (SaaS) services featuring software for information technology (IT) management, IT infrastructure management, remote IT infrastructure management, IT asset management and inventory, IT process automation, IT device lifecycle management, IT security, IT reporting and forecasting, IT infrastructure fault and performance monitoring; software as a service for managing IT service desks and IT help desk services; software as a service for use in enterprise applications, database management, and electronic storage of data; software as a service for monitoring cloud, web and application performance; software as a service for cloud infrastructure management and automation; software as a service for data protection and data security; software as a service for information security compliance monitoring, reporting and analytics; software as a service for IT security intelligence and risk management; software as a service for data backup, recovery and archiving; software as a service for data searching, namely, for creating searchable databases of information and data; software as a service for data transmission, storage, processing and reproduction; software as a service for real-time, integrated business management intelligence by combining information from various databases; software as a service for business analytics, namely collecting and analyzing data to facilitate business decision making; software as a service for use in big data analysis; software as a service for automating the processing of un-structured, semi-structured and structured information and data stored on computer networks and the Internet; software as a service for business organization and business process virtualization and management; software as a service for customer relationship management (CRM); software as a service for enterprise resource planning (ERP); software as a service for business risk management; software as a service for project portfolio management (PPM); software as a service for records management; software as a service for product lifecycle management; infrastructure-as-a-service in the nature of technical support services, namely, remote and on-site infrastructure management services for monitoring, administration and management of public and private cloud computing IT and application systems; temporary use of non-downloadable software, for converged IT systems infrastructure; temporary use of non-downloadable software for computer and network operation, management, automation, virtualization, configuration, provisioning, deployment, and control; temporary use of non-downloadable software for information technology (IT) management, IT infrastructure management, remote IT infrastructure management, IT asset management and inventory, IT process automation, IT device lifecycle management, IT security, IT reporting and forecasting, IT infrastructure fault and performance monitoring, and IT service desk and help desk functions; temporary use of non-downloadable software for data protection, data security, and computer application and network security; temporary use of non-downloadable software for information security regulatory compliance; temporary use of non-downloadable software for monitoring computer network access and activity; temporary use of non-downloadable software for data encryption and decryption, cryptography, computer user authentication, and information security compliance monitoring, reporting and analytics; temporary use of non-downloadable software for data backup, recovery, archiving and deduplication; temporary use of non-downloadable software for cloud infrastructure management and automation; temporary use of non-downloadable software for cloud, web and application performance monitoring; temporary use of non-downloadable software for database and database management, data warehouse operation and automation, data center operation and automation, application and database integration, data transmission, storage, processing and reproduction, and for accessing, querying and analyzing information stored in databases and data warehouses; temporary use of non-downloadable software for business intelligence, business process insight, data analytics, information management, knowledge management, customer relationship management, and

enterprise resource and risk management; temporary use of non-downloadable software for storing, managing, tracking, and analyzing business data; temporary use of non-downloadable search engine software and software for project and records management; temporary use of non-downloadable software for software development, deployment, testing, delivery and application lifecycle management; temporary use of non-downloadable software-defined infrastructure (SDS) software for virtualizing and managing computers, computer hardware, computer software, servers, computer networks and data storage; temporary use of non-downloadable software in fields of converged and hyper-converged IT infrastructure; software as a service services, namely, hosting cloud and datacenter infrastructure software for use by others for use in database management and application development; temporary use of non-downloadable software for automating and managing utility industry services, operations and billing; temporary use of non-downloadable software for managing software licenses

Goods

Class 09

(1) Apparatus for recording, transmission or reproduction of sound or images, namely audio-video receivers, remote video consoles, video cameras, and web cameras; blank discs, blank laser discs, blank optical discs; calculating machines, data processing equipment, namely, computers; downloadable cloud computer software for use in cloud infrastructure management, data warehouse infrastructure management, database management and electronic storage of data; computer software for creating searchable databases of information and data; computer software for electronic storage of data; computers; computer hardware; computer servers; network servers; Internet servers; computer networking and communications hardware; computer network hubs, routers, controllers, switches and wireless access points; computer storage hardware; computer storage servers; computer storage area network (SAN) servers; computer network-attached storage (NAS) hardware; computer and communications hardware for storage area networks; disk backup hardware; hard disk drives; disk drive arrays and enclosures; redundant array of independent disks (RAID) controllers; host bus adapters; data storage systems comprising computer hardware, computer peripherals, namely, computer network hubs, routers, controllers, switches and wireless access point routers, disk drives, disk drive arrays and enclosures, redundant array of independent disks (RAID) controllers, host bus adapters, magnetic tape units for computers, blank tapes for storage of computer data, memory chips, namely, computer memories and computer memory hardware, semiconductors, printed circuit boards, integrated circuits and operating system software; integrated IT systems comprising computer, computer

storage and networking computer hardware, hardware and software for operation and administration of converged computer network infrastructure; modular IT systems comprising computers, data storage servers, computer networking hardware, power modules for computers and computer networks and internal cooling modules for computers and computer networks; computer peripherals, namely, computer network hubs, routers, controllers, switches and wireless access point routers, disk drives, disk drive arrays and enclosures, redundant array of independent disks (RAID) controllers, host bus adapters, magnetic tape units for computers, blank tapes for storage of computer data, memory chips, namely, computer memories and computer memory hardware, semiconductors, printed circuit boards, integrated circuits; digital signage consisting of multiple touch-enabled LCD flat panel screens; magnetic tape units for computers; blank tapes for storage of computer data; computer memory chips; semiconductors, printed circuit boards, integrated circuits and electronic components for computers; computer operating systems; server software; network software; cloud software; storage software; virtualization software; computer software for configuration, provisioning, deployment, control, management and virtualization of computers, computer servers and data storage devices, namely, high-speed storage subsystems for storage and backup of electronic data either locally or via telecommunications network; software for computer network operation, management, automation and virtualization; computer software for software-defined networking; local area network (LAN) operating software; wide area network (WAN) operating software; computer software for connecting disparate computer systems, servers and storage devices, namely, high-speed storage subsystems for storage and backup of electronic data either locally or via telecommunications network; software for cloud infrastructure management and automation; computer software used for running cloud computing based applications; cloud computer software for use in enterprise applications, database management, and electronic storage of data; computer software for monitoring cloud, web and application performance; computer software for information technology (IT) management, IT infrastructure management, remote IT infrastructure management, IT asset management and inventory, IT process automation, IT device lifecycle management, IT security, IT reporting and forecasting, IT infrastructure fault and performance monitoring, and IT service desk and help desk software; computer software for data protection and data security; computer software for providing security for computers, networks and electronic communications; application and network security software; computer software for monitoring computer network access and activity; computer software for assessing application security; data and document encryption and decryption software; cryptography software; computer user authentication software; software for information security compliance monitoring, reporting and analytics; IT security intelligence and risk management software; data backup, recovery and archiving software; computer software for data deduplication; database management software; computer software used to read and evaluate content located on global computer networks, databases and networks; computer software for application and database integration; computer search engine software; software for searching databases; computer software for creating searchable databases of information and data; computer data warehouse operation and automation software; data center operation and automation software; computer software for data transmission, storage, processing and reproduction; computer software for accessing, querying and analyzing information stored in databases and data warehouses; information and knowledge management software; business intelligence software; computer software that provides real-time, integrated business management intelligence by combining information from various databases; business and big data analytics software; computer software that automates the processing of un-structured, semi-structured and structured information and data stored on computer networks and the Internet; business process insight software; customer relationship management (CRM) software; enterprise resource and risk management software; project management software; records management software; software development and deployment tools; software development tools for the creation of mobile Internet applications and client interfaces; application testing and delivery software; application and product lifecycle management software; software-defined infrastructure (SDS) software; computer software that provides web-based access to applications and services through a web operating system or portal interface; software to automate and manage utility industry services, operations and billing; software for managing software licenses

Class 16

(2) Printed matter, namely, magazines, printed periodicals, books, newsletters, brochures and journals in the field of computers, computer software and information technology; instructional and teaching materials, namely guides, manuals, text books and work books in the field of computers, computer software and information technology; brochures about technological developments, printed reference guides, technical bulletins, data sheets and printed product catalogs in the field of computers and information technology; product operating and service guides for computers and computer peripherals

SERVICES

Class 35

(1) Advertising the goods and services of others; business management; business administration; office functions, namely, data processing services, managing computer networks; business management consulting services; business consulting services in the field of information technology (IT); business consultation services in the field of business process improvement and outsourcing; business consultation services in the field of enterprise architecture; IT outsourcing services and employment staffing for information technology projects; business process outsourcing services in the fields of computers and the use of computers and telecommunications systems for storing, retrieving and sending information; IT strategic planning services; IT asset management services; compilation and systemization of information into computer databases; database management services; online retail store services and ordering services featuring computer hardware, software and peripherals; business services, namely, assisting others in the negotiation and development of business partnerships and business alliances; developing marketing strategies and marketing concepts for others in the field of information and computer technology; developing promotional campaigns for others in the field of information and computer technology; customer relationship management services; electronic commerce services, namely, advertising the goods and services of others via the Internet for the purpose of selling such third party products and services; taxonomy services, namely, classification and organization of data for records management purposes; providing a website featuring an online marketplace for sellers and buyers of computer and IT goods and services; business knowledge management services; business data analysis

Class 36

(2) Insurance; financial affairs and monetary affairs, namely, financial information, management and analysis services; purchase financing and lease financing services; processing, management and administration of employee health and welfare benefit plans; providing credit card transaction processing services for others; providing insurance claim processing services for others; financial analysis and consultation services for the organization and administration of banking and financial operations; financial asset management; billing services

Class 37

(3) Building construction; repair of information technology (IT) equipment; installation of information technology (IT) equipment; installation, maintenance and repair of computers and computer, networking and telecommunications hardware

Class 38

(4) Transmission of images, texts, webcasts, and data in the fields of computer networking, computer networking, computer storage, computer infrastructure, computer systems and telecommunications systems by means of local area networks (LANs), wide area networks (WANs), cloud networks, mobile networks and the internet; Transmission of information in the fields of business management, business operations, computers, computer networks and electronic commerce by means of local area networks (LANs), wide area networks (WANs), cloud networks, mobile networks and the Internet; Providing private and secure real time electronic communication, namely, emails, text messages, and voice messages, by means of local area networks (LANs), wide area networks (WANs), cloud networks, mobile networks and the Internet; providing virtual private network services, namely, providing computer network security services to enable private and secure transmission of electronic communications over private or public computer networks; consulting in the field of communications and telecommunications; providing online chat rooms, bulletin boards and forums for transmission of messages among users in the fields of computers and the use of computers and telecommunications systems for storing, retrieving and sending information; streaming of audio and video material via the Internet, namely, news segments and short films in the fields of computers, development and operation of computer software and computer networks and information technology; voice over Internet protocol (VOIP) services

Class 41

(5) Educational and training services, namely, conducting classes, workshops, seminars and conferences in the field of computers, software, electronic commerce and information technology; online journals, namely, blogs featuring information in the fields of computers, software, electronic commerce and information technology

Class 42

(6) Research and development of new products for others; research and development of computer software; research and development in the field of computer hardware, computer software and computer networks; design and development of computer hardware and software; computer systems analysis, planning, integration and design; integration of computer systems and software; integration of computer systems and networks; computer system administration for others; rental and leasing of computer hardware and computer peripherals; computer consulting services; advice on designing, selecting, and using computer hardware and systems; computer software consultancy; consulting services for others in the selection, implementation and use of computer software; consulting services in the field of software as a service; Internet consulting services, namely, technical consulting services in the fields of datacenter architecture, public and private cloud computing solutions, and evaluation and implementation of internet technology and services; consulting services in the field of management of computer hardware, computer software and computer networks; consulting in the field of IT and applications transformation, integration, modernization, migration, design, development, implementation, testing, optimization, operation and management; Consulting services in the field of cloud computing; consulting services in the field of big data processing and analytics; consulting in the field of cloud infrastructure; consulting services in the fields of datacenter architecture, public and private cloud computing solutions, and evaluation and implementation of Internet technology and services; consulting in the field of information security, governance and compliance; consulting in the field of computer and

information security and IT risk management; consulting in the field of IT mobility and workplace services, namely, business efficiency services and risk management services; technological consultation in the technology field of unified communications hardware and software; consulting in the field of IT solutions for customer relationship management, finance and administration, human resources, payroll and document processing; consulting in the field of application delivery management; consulting in the field of marketing optimization; consulting in the fields of converged infrastructure and hyper-converged infrastructure; consulting in the field of utility industry services, operations and billing; consulting in the field of environmental and energy efficiency; scientific and technological services, namely, research and design in the field of computer networking hardware and computer datacenter architecture; technical consulting services in the field of datacenter architecture; providing temporary use of online non-downloadable middleware for providing an interface between software applications and operating systems; providing temporary use of on-line non-downloadable cloud computing software for use in database management and electronic storage of data; computer hardware and software design and development; computer programming services; developing driver and operating system software; software application development, modernization and cloud integration; software installation, maintenance and update services; testing the operation and functionality of computers, networks and software; business technology software development and consultation services; computer programming services for others in the field of software configuration management; computer software development in the field of mobile applications; updating and maintaining cloud-based computer software through on-line updates, enhancements and patches; service desk, help desk and troubleshooting services for IT infrastructure, computer hardware, computer software, computer peripherals and computer networks; technical support services, namely, troubleshooting of computer software problems; technical support services, namely, troubleshooting in the nature of diagnosing computer hardware and software problems; technical support services, namely, migration of datacenter, server and database applications; technical support services, namely, monitoring of computers, network systems, servers and web and database applications, and notification of related events and alerts; technical support services, namely remote real-time computer and network monitoring services; technical support services, namely, remote and on-site infrastructure management services for monitoring, administration, and management of public and private cloud computing IT and application systems; providing website hosting services, website development and customized online web pages for others; consulting services in the field of cloud computing; cloud hosting provider services; hosting software applications for others; cloud hosting of electronic databases; web, cloud and computer infrastructure hosting services; providing servers of variable capacity to others; rental of computing and data storage facilities of variable capacity to third parties; infrastructure-as-a-service (IaaS) services, namely, providing computer hardware, computer software, computer peripherals to others on a subscription or pay-per-use basis; virtualization services, namely, hosting and providing remote access to virtualized client computers; virtualization services, namely, providing temporary use of non-downloadable software for hosting and providing remote access to virtualized client computers; integration of private and public cloud computing environments; remote and on-site management of information technology (IT) systems and software applications for others; cloud computing featuring software for use in database management; computer services, namely, hosting, managing, provisioning, scaling, administering, maintaining, monitoring, securing, encrypting, decrypting, replicating and backing up databases for others; management of data centers, IT security, cloud computing, workplace technology, computer networks, unified communications and enterprise IT services for others; rental of space in a computer co-location facility for containerized data centers of others; database development services; data mining services; data backup and data restoration services; data migration services; data encryption and decryption services; cloud computing featuring software for use in database

management and data warehousing; electronic data storage services, namely cloud storage services, storage-as-a service and online storage services for others; electronic storage of digital content, namely, images, text, video and audio data; software-as-a-service (SaaS) services featuring software for information technology (IT) management, IT infrastructure management, remote IT infrastructure management, IT asset management and inventory, IT process automation, IT device lifecycle management, IT security, IT reporting and forecasting, IT infrastructure fault and performance monitoring; software as a service for managing IT service desks and IT help desk services; software as a service for use in enterprise applications, database management, and electronic storage of data; software as a service for monitoring cloud, web and application performance; software as a service for cloud infrastructure management and automation; software as a service for data protection and data security; software as a service for information security compliance monitoring, reporting and analytics; software as a service for IT security intelligence and risk management; software as a service for data backup, recovery and archiving; software as a service for data searching, namely, for creating searchable databases of information and data; software as a service for data transmission, storage, processing and reproduction; software as a service for real-time, integrated business management intelligence by combining information from various databases; software as a service for business analytics, namely collecting and analyzing data to facilitate business decision making; software as a service for use in big data analysis; software as a service for automating the processing of un-structured, semi-structured and structured information and data stored on computer networks and the Internet; software as a service for business organization and business process virtualization and management; software as a service for customer relationship management (CRM); software as a service for enterprise resource planning (ERP); software as a service for business risk management; software as a service for project portfolio management (PPM); software as a service for records management; software as a service for product lifecycle management; infrastructure-as-a-service in the nature of technical support services, namely, remote and on-site infrastructure management services for monitoring, administration and management of public and private cloud computing IT and application systems; temporary use of non-downloadable software, for converged IT systems infrastructure; temporary use of non-downloadable software for computer and network operation, management, automation, virtualization, configuration, provisioning, deployment, and control; temporary use of non-downloadable software for information technology (IT) management, IT infrastructure management, remote IT infrastructure management, IT asset management and inventory, IT process automation, IT device lifecycle management, IT security, IT reporting and forecasting, IT infrastructure fault and performance monitoring, and IT service desk and help desk functions; temporary use of non-downloadable software for data protection, data security, and computer application and network security; temporary use of non-downloadable software for information security regulatory compliance; temporary use of non-downloadable software for monitoring computer network access and activity; temporary use of non-downloadable software for data encryption and decryption, cryptography, computer user authentication, and information security compliance monitoring, reporting and analytics; temporary use of non-downloadable software for data backup, recovery, archiving and deduplication; temporary use of non-downloadable software for cloud infrastructure management and automation; temporary use of non-downloadable software for cloud, web and application performance monitoring; temporary use of non-downloadable software for database and database management, data warehouse operation and automation, data center operation and automation, application and database integration, data transmission, storage, processing and reproduction, and for accessing, querying and analyzing information stored in databases and data warehouses; temporary use of non-downloadable software for business intelligence, business process insight, data analytics, information management, knowledge management, customer relationship management, and

enterprise resource and risk management; temporary use of non-downloadable software for storing, managing, tracking, and analyzing business data; temporary use of non-downloadable search engine software and software for project and records management; temporary use of non-downloadable software for software development, deployment, testing, delivery and application lifecycle management; temporary use of non-downloadable software-defined infrastructure (SDS) software for virtualizing and managing computers, computer hardware, computer software, servers, computer networks and data storage; temporary use of non-downloadable software in fields of converged and hyper-converged IT infrastructure; software as a service services, namely, hosting cloud and datacenter infrastructure software for use by others for use in database management and application development; temporary use of non-downloadable software for automating and managing utility industry services, operations and billing; temporary use of non-downloadable software for managing software licenses

Goods

Class 09

(1) Apparatus for recording, transmission or reproduction of sound or images, namely audio-video receivers, remote video consoles, video cameras, and web cameras; blank discs, blank laser discs, blank optical discs; calculating machines, data processing equipment, namely, computers; downloadable cloud computer software for use in cloud infrastructure management, data warehouse infrastructure management, database management and electronic storage of data; computer software for creating searchable databases of information and data; computer software for electronic storage of data; computers; computer hardware; computer servers; network servers; Internet servers; computer networking and communications hardware; computer network hubs, routers, controllers, switches and wireless access points; computer storage hardware; computer storage servers; computer storage area network (SAN) servers; computer network-attached storage (NAS) hardware; computer and communications hardware for storage area networks; disk backup hardware; hard disk drives; disk drive arrays and enclosures; redundant array of independent disks (RAID) controllers; host bus adapters; data storage systems comprising computer hardware, computer peripherals, namely, computer network hubs, routers, controllers, switches and wireless access point routers, disk drives, disk drive arrays and enclosures, redundant array of independent disks (RAID) controllers, host bus adapters, magnetic tape units for computers, blank tapes for storage of computer data, memory chips, namely, computer memories and computer memory hardware, semiconductors, printed circuit boards, integrated circuits and operating system software; integrated IT systems comprising computer, computer storage and networking computer hardware, hardware and software for operation and administration of converged computer network infrastructure; modular IT systems comprising computers, data storage servers, computer networking hardware, power modules for computers

and computer networks and internal cooling modules for computers and computer networks; computer peripherals, namely, computer network hubs, routers, controllers, switches and wireless access point routers, disk drives, disk drive arrays and enclosures, redundant array of independent disks (RAID) controllers, host bus adapters, magnetic tape units for computers, blank tapes for storage of computer data, memory chips, namely, computer memories and computer memory hardware, semiconductors, printed circuit boards, integrated circuits; digital signage consisting of multiple touch-enabled LCD flat panel screens; magnetic tape units for computers; blank tapes for storage of computer data; computer memory chips; semiconductors, printed circuit boards, integrated circuits and electronic components for computers; computer operating systems; server software; network software; cloud software; storage software; virtualization software; computer software for configuration, provisioning, deployment, control, management and virtualization of computers, computer servers and data storage devices, namely, high-speed storage subsystems for storage and backup of electronic data either locally or via telecommunications network; software for computer network operation, management, automation and virtualization; computer software for software-defined networking; local area network (LAN) operating software; wide area network (WAN) operating software; computer software for connecting disparate computer systems, servers and storage devices, namely, high-speed storage subsystems for storage and backup of electronic data either locally or via telecommunications network; software for cloud infrastructure management and automation; computer software used for running cloud computing based applications; cloud computer software for use in enterprise applications, database management, and electronic storage of data; computer software for monitoring cloud, web and application performance; computer software for information technology (IT) management, IT infrastructure management, remote IT infrastructure management, IT asset management and inventory, IT process automation, IT device lifecycle management, IT security, IT reporting and forecasting, IT infrastructure fault and performance monitoring, and IT service desk and help desk software; computer software for data protection and data security; computer software for providing security for computers, networks and electronic communications; application and network security software; computer software for monitoring computer network access and activity; computer software for assessing application security; data and document encryption and decryption software; cryptography software; computer user authentication software; software for information security compliance monitoring, reporting and analytics; IT security intelligence and risk management software; data backup, recovery and archiving software; computer software for data deduplication; database management software; computer software used to read and evaluate content located on global computer networks, databases and networks; computer software for application and database integration; computer search engine software; software for searching databases; computer software for creating searchable databases of information and data; computer data warehouse operation and automation software; data center operation and automation software; computer software for data transmission, storage, processing and reproduction; computer software for accessing, querying and analyzing information stored in databases and data warehouses; information and knowledge management software; business intelligence software; computer software that provides real-time, integrated business management intelligence by combining information from various databases; business and big data analytics software; computer software that automates the processing of un-structured, semi-structured and structured information and data stored on computer networks and the Internet; business process insight software; customer relationship management (CRM) software; enterprise resource and risk management software; project management software; records management software; software development and deployment tools; software development tools for the creation of mobile Internet applications and client interfaces; application testing and delivery software; application and product lifecycle management software; software-defined infrastructure (SDS) software; computer software that provides web-based access to applications and services through a web operating system or portal interface; software to automate and manage utility industry services, operations and billing; software for managing software licenses

Class 16

(2) Printed matter, namely, magazines, printed periodicals, books, newsletters, brochures and journals in the field of computers, computer software and information technology; instructional and teaching materials, namely guides, manuals, text books and work books in the field of computers, computer software and information technology; brochures about technological developments, printed reference guides, technical bulletins, data sheets and printed product catalogs in the field of computers and information technology; product operating and service guides for computers and computer peripherals

SERVICES

Class 35

(1) Advertising the goods and services of others; business management; business administration; office functions, namely, data processing services, managing computer networks; business management consulting services; business consulting services in the field of information technology (IT); business consultation services in the field of business process improvement and outsourcing; business consultation services in the field of enterprise architecture; IT outsourcing services and employment staffing for information technology projects; business process outsourcing services in the fields of computers and the use of computers and telecommunications systems for storing, retrieving and sending information; IT strategic planning services; IT asset management services; compilation and systemization of information into computer databases; database management services; online retail store services and ordering services featuring computer hardware, software and peripherals; business services, namely, assisting others in the negotiation and development of business partnerships and business alliances; developing marketing strategies and marketing concepts for others in the field of information and computer technology; developing promotional campaigns for others in the field of information and computer technology; customer relationship management services; electronic commerce services, namely, advertising the goods and services of others via the Internet for the purpose of selling such third party products and services; taxonomy services, namely, classification and organization of data for records management purposes; providing a website featuring an online marketplace for sellers and buyers of computer and IT goods and services; business knowledge management services; business data analysis

Class 36

(2) Insurance; financial affairs and monetary affairs, namely, financial information, management and analysis services; purchase financing and lease financing services; processing, management and administration of employee health and welfare benefit plans; providing credit card transaction processing services for others; providing insurance claim processing services for others; financial analysis and consultation services for the organization and administration of banking and financial operations; financial asset management; billing services

Class 37

(3) Building construction; repair of information technology (IT) equipment; installation of information technology (IT) equipment; installation, maintenance and repair of computers and computer, networking and telecommunications hardware

Class 38

(4) Transmission of images, texts, webcasts, and data in the fields of computer networking, computer networking, computer storage, computer infrastructure, computer systems and telecommunications systems by means of local area networks (LANs), wide area networks (WANs), cloud networks, mobile networks and the internet; Transmission of information in the fields of business management, business operations, computers, computer networks and electronic commerce by means of local area networks (LANs), wide area networks (WANs), cloud networks, mobile networks and the Internet; Providing private and secure real time electronic communication, namely, emails, text messages, and voice messages, by means of local area networks (LANs), wide area networks (WANs), cloud networks, mobile networks and the Internet; providing virtual private network services, namely, providing computer network security services to enable private and secure transmission of electronic communications over private or public computer networks; consulting in the field of communications and telecommunications; providing online chat rooms, bulletin boards and forums for transmission of messages among users in the fields of computers and the use of computers and telecommunications systems for storing, retrieving and sending information; streaming of audio and video material via the Internet, namely, news segments and short films in the fields of computers, development and operation of computer software and computer networks and information technology; voice over Internet protocol (VOIP) services

Class 41

(5) Educational and training services, namely, conducting classes, workshops, seminars and conferences in the field of computers, software, electronic commerce and information technology; online journals, namely, blogs featuring information in the fields of computers, software, electronic commerce and information technology

Class 42

(6) Research and development of new products for others; research and development of computer software; research and development in the field of computer hardware, computer software and computer networks; design and development of computer hardware and software; computer systems analysis, planning, integration and design; integration of computer systems and software; integration of computer systems and networks; computer system administration for others; rental and leasing of computer hardware and computer peripherals; computer consulting services; advice on designing, selecting, and using computer hardware and systems; computer software consultancy; consulting services for others in the selection, implementation and use of computer software; consulting services in the field of software as a service; Internet consulting services, namely, technical consulting services in the fields of datacenter architecture, public and private cloud computing solutions, and evaluation and implementation of internet technology and services; consulting services in the field of management of computer hardware, computer software and computer networks; consulting in the field of IT and applications transformation, integration, modernization, migration, design, development, implementation, testing, optimization, operation and management; Consulting services in the field of cloud computing; consulting services in the field of big data processing and analytics; consulting in the field of cloud infrastructure; consulting services in the fields of datacenter architecture, public and private cloud computing solutions, and evaluation and implementation of Internet technology and services; consulting in the field of information security, governance and compliance; consulting in the field of computer and information security and IT risk management; consulting in the field of IT mobility and workplace services, namely, business efficiency services and risk management services; technological consultation in the technology field of unified communications hardware and software; consulting in the field of IT solutions for customer relationship management, finance and administration, human resources, payroll and document processing; consulting in the field of application delivery

management; consulting in the field of marketing optimization; consulting in the fields of converged infrastructure and hyper-converged infrastructure; consulting in the field of utility industry services, operations and billing; consulting in the field of environmental and energy efficiency; scientific and technological services, namely, research and design in the field of computer networking hardware and computer datacenter architecture; technical consulting services in the field of datacenter architecture; providing temporary use of online non-downloadable middleware for providing an interface between software applications and operating systems; providing temporary use of on-line non-downloadable cloud computing software for use in database management and electronic storage of data; computer hardware and software design and development; computer programming services; developing driver and operating system software; software application development, modernization and cloud integration; software installation, maintenance and update services; testing the operation and functionality of computers, networks and software; business technology software development and consultation services; computer programming services for others in the field of software configuration management; computer software development in the field of mobile applications; updating and maintaining cloud-based computer software through on-line updates, enhancements and patches; service desk, help desk and troubleshooting services for IT infrastructure, computer hardware, computer software, computer peripherals and computer networks; technical support services, namely, troubleshooting of computer software problems; technical support services, namely, troubleshooting in the nature of diagnosing computer hardware and software problems; technical support services, namely, migration of datacenter, server and database applications; technical support services, namely, monitoring of computers, network systems, servers and web and database applications, and notification of related events and alerts; technical support services, namely remote real-time computer and network monitoring services; technical support services, namely, remote and on-site infrastructure management services for monitoring, administration, and management of public and private cloud computing IT and application systems; providing website hosting services, website development and customized online web pages for others; consulting services in the field of cloud computing; cloud hosting provider services; hosting software applications for others; cloud hosting of electronic databases; web, cloud and computer infrastructure hosting services; providing servers of variable capacity to others; rental of computing and data storage facilities of variable capacity to third parties; infrastructure-as-a-service (IaaS) services, namely, providing computer hardware, computer software, computer peripherals to others on a subscription or pay-per-use basis; virtualization services, namely, hosting and providing remote access to virtualized client computers; virtualization services, namely, providing temporary use of non-downloadable software for hosting and providing remote access to virtualized client computers; integration of private and public cloud computing environments; remote and on-site management of information technology (IT) systems and software applications for others; cloud computing featuring software for use in database management; computer services, namely, hosting, managing, provisioning, scaling, administering, maintaining, monitoring, securing, encrypting, decrypting, replicating and backing up databases for others; management of data centers, IT security, cloud computing, workplace technology, computer networks, unified communications and enterprise IT services for others; rental of space in a computer co-location facility for containerized data centers of others; database development services; data mining services; data backup and data restoration services; data migration services; data encryption and decryption services; cloud computing featuring software for use in database management and data warehousing; electronic data storage services, namely cloud storage services, storage-as-a service and online storage services for others; electronic storage of digital content, namely, images, text, video and audio data; software-as-a-service (SaaS) services featuring software for information technology (IT) management, IT infrastructure management, remote IT infrastructure management, IT asset management and inventory, IT process automation, IT device lifecycle management, IT security, IT reporting and forecasting, IT infrastructure fault and performance monitoring; software as a service for managing IT service desks and IT help desk services; software as a service for use in enterprise applications, database management, and electronic storage of data; software as a service for monitoring cloud, web and application performance; software as a service for cloud infrastructure management and automation; software as a service for data protection and data security; software as a service for information security compliance monitoring, reporting and analytics; software as a service for IT security intelligence and risk management; software as a service for data backup, recovery and archiving; software as a service for data searching, namely, for creating searchable databases of information and data; software as a service for data transmission, storage, processing and reproduction; software as a service for real-time, integrated business management intelligence by combining information from various databases; software as a service for business analytics, namely collecting and analyzing data to facilitate business decision making; software as a service for use in big data analysis; software as a service for automating the processing of un-structured, semi-structured and structured information and data stored on computer networks and the Internet; software as a service for business organization and business process virtualization and management; software as a service for customer relationship management (CRM); software as a service for enterprise resource planning (ERP); software as a service for business risk management; software as a service for project portfolio management (PPM); software as a service for records management; software as a service for product lifecycle management; infrastructure-as-a-service in the nature of technical support services, namely, remote and on-site infrastructure management services for monitoring, administration and management of public and private cloud computing IT and application systems; temporary use of non-downloadable software, for converged IT systems infrastructure; temporary use of non-downloadable software for computer and network operation, management, automation, virtualization, configuration, provisioning, deployment, and control; temporary use of non-downloadable software for information technology (IT) management, IT infrastructure management, remote IT infrastructure management, IT asset management and inventory, IT process automation, IT device lifecycle management, IT security, IT reporting and forecasting, IT infrastructure fault and performance monitoring, and IT service desk and help desk functions; temporary use of non-downloadable software for data protection, data security, and computer application and network security; temporary use of non-downloadable software for information security regulatory compliance; temporary use of non-downloadable software for monitoring computer network access and activity; temporary use of non-downloadable software for data encryption and decryption, cryptography, computer user authentication, and information security compliance monitoring, reporting and analytics; temporary use of non-downloadable software for data backup, recovery, archiving and deduplication; temporary use of non-downloadable software for cloud infrastructure management and automation; temporary use of non-downloadable software for cloud, web and application performance monitoring; temporary use of non-downloadable software for database and database management, data warehouse operation and automation, data center operation and automation, application and database integration, data transmission, storage, processing and reproduction, and for accessing, querying and analyzing information stored in databases and data warehouses; temporary use of non-downloadable software for business intelligence, business process insight, data analytics, information management, knowledge management, customer relationship management, and enterprise resource and risk management; temporary use of non-downloadable software for storing, managing, tracking, and analyzing business data; temporary use of non-downloadable search engine software and software for project and records management; temporary use of non-downloadable software for software development, deployment, testing, delivery and application lifecycle management; temporary use of non-downloadable software-defined infrastructure (SDS) software for virtualizing and managing computers, computer hardware, computer software, servers, computer networks and data storage; temporary use of non-downloadable software in fields of converged and hyper-converged IT infrastructure; software as a service services, namely, hosting cloud and datacenter infrastructure software for use by others for use in database management and application development; temporary use of non-downloadable software for automating and managing utility industry services, operations and billing; temporary use of non-downloadable software for managing software licenses

Goods

Class 09

(1) Apparatus for recording, transmission or reproduction of sound or images, namely audio-video receivers, remote video consoles, video cameras, and web cameras; blank discs, blank laser discs, blank optical discs; calculating machines, data processing equipment, namely, computers; downloadable cloud computer software for use in cloud infrastructure management, data warehouse infrastructure management, database management and electronic storage of data; computer software for creating searchable databases of information and data; computer software for electronic storage of data; computers; computer hardware; computer servers; network servers; Internet servers; computer networking and communications hardware; computer network hubs, routers, controllers, switches and wireless access points; computer storage hardware; computer storage servers; computer storage area network (SAN) servers; computer network-attached storage (NAS) hardware; computer and communications hardware for storage area networks; disk backup hardware; hard disk drives; disk drive arrays and enclosures; redundant array of independent disks (RAID) controllers; host bus adapters; data storage systems comprising

computer hardware, computer peripherals, namely, computer network hubs, routers, controllers, switches and wireless access point routers, disk drives, disk drive arrays and enclosures, redundant array of independent disks (RAID) controllers, host bus adapters, magnetic tape units for computers, blank tapes for storage of computer data, memory chips, namely, computer memories and computer memory hardware, semiconductors, printed circuit boards, integrated circuits and operating system software; integrated IT systems comprising computer, computer storage and networking computer hardware, hardware and software for operation and administration of converged computer network infrastructure; modular IT systems comprising computers, data storage servers, computer networking hardware, power modules for computers and computer networks and internal cooling modules for computers and computer networks; computer peripherals, namely, computer network hubs, routers, controllers, switches and wireless access point routers, disk drives, disk drive arrays and enclosures, redundant array of independent disks (RAID) controllers, host bus adapters, magnetic tape units for computers, blank tapes for storage of computer data, memory chips, namely, computer memories and computer memory hardware, semiconductors, printed circuit boards, integrated circuits; digital signage consisting of multiple touch-enabled LCD flat panel screens; magnetic tape units for computers; blank tapes for storage of computer data; computer memory chips; semiconductors, printed circuit boards, integrated circuits and electronic components for computers; computer operating systems; server software; network software; cloud software; storage software; virtualization software; computer software for configuration, provisioning, deployment, control, management and virtualization of computers, computer servers and data storage devices, namely, high-speed storage subsystems for storage and backup of electronic data either locally or via telecommunications network; software for computer network operation, management, automation and virtualization; computer software for software-defined networking; local area network (LAN) operating software; wide area network (WAN) operating software; computer software for connecting disparate computer systems, servers and storage devices, namely, high-speed storage subsystems for storage and backup of electronic data either locally or via telecommunications network; software for cloud infrastructure management and automation; computer software used for running cloud computing based applications; cloud computer software for use in enterprise applications, database management, and electronic storage of data; computer software for monitoring cloud, web and application performance; computer software for information technology (IT) management, IT infrastructure management, remote IT infrastructure management, IT asset management and inventory, IT process automation, IT device lifecycle management, IT security, IT reporting and forecasting, IT infrastructure fault and performance monitoring, and IT service desk and help desk software; computer software for data protection and data security; computer software for providing security for computers, networks and electronic communications; application and network security software; computer software for monitoring computer network access and activity; computer software for assessing application security; data and document encryption and decryption software; cryptography software; computer user authentication software; software for information security compliance monitoring, reporting and analytics; IT security intelligence and risk management software; data backup, recovery and archiving software; computer software for data deduplication; database management software; computer software used to read and evaluate content located on global computer networks, databases and networks; computer software for application and database integration; computer search engine software; software for searching databases; computer software for creating searchable databases of information and data; computer data warehouse operation and automation software; data center operation and automation software; computer software for data transmission, storage, processing and reproduction; computer software for accessing, querying and analyzing information stored in databases and data warehouses; information and knowledge management software; business intelligence software; computer software that provides real-time, integrated business management intelligence by combining information from various databases; business and big data analytics software; computer software that automates the processing of un-structured, semi-structured and structured information and data stored on computer networks and the Internet; business process insight software; customer relationship management (CRM) software; enterprise resource and risk management software; project management software; records management software; software development and deployment tools; software development tools for the creation of mobile Internet applications and client interfaces; application testing and delivery software; application and product lifecycle management software; software-defined infrastructure (SDS) software; computer software that provides web-based access to applications and services through a web operating system or portal interface; software to automate and manage utility industry services, operations and billing; software for managing software licenses

Class 16

(2) Printed matter, namely, magazines, printed periodicals, books, newsletters, brochures and journals in the field of computers, computer software and information technology; instructional and teaching materials, namely guides, manuals, text books and work books in the field of computers, computer software and information technology; brochures about technological developments, printed reference guides, technical bulletins, data sheets and printed product catalogs in the field of computers and information technology; product operating and service guides for computers and computer peripherals

SERVICES

Class 35

(1) Advertising the goods and services of others; business management; business administration; office functions, namely, data processing services, managing computer networks; business management consulting services; business consulting services in the field of information technology (IT); business consultation services in the field of business process improvement and outsourcing; business consultation services in the field of enterprise architecture; IT outsourcing services and employment staffing for information technology projects; business process outsourcing services in the fields of computers and the use of computers and telecommunications systems for storing, retrieving and sending information; IT strategic planning services; IT asset management services; compilation and systemization of information into computer databases; database management services; online retail store services and ordering services featuring computer hardware, software and peripherals; business services, namely, assisting others in the negotiation and development of business partnerships and business alliances; developing marketing strategies and marketing concepts for others in the field of information and computer technology; developing promotional campaigns for others in the field of information and computer technology; customer relationship management services; electronic commerce services, namely, advertising the goods and services of others via the Internet for the purpose of selling such third party products and services; taxonomy services, namely, classification and organization of data for records management purposes; providing a website featuring an online marketplace for sellers and buyers of computer and IT goods and services; business knowledge management services; business data analysis

Class 36

(2) Insurance; financial affairs and monetary affairs, namely, financial information, management and analysis services; purchase financing and lease financing services; processing, management and administration of employee health and welfare benefit plans; providing credit card transaction

processing services for others; providing insurance claim processing services for others; financial analysis and consultation services for the organization and administration of banking and financial operations; financial asset management; billing services

Class 37

(3) Building construction; repair of information technology (IT) equipment; installation of information technology (IT) equipment; installation, maintenance and repair of computers and computer, networking and telecommunications hardware

Class 38

(4) Transmission of images, texts, webcasts, and data in the fields of computer networking, computer networking, computer storage, computer infrastructure, computer systems and telecommunications systems by means of local area networks (LANs), wide area networks (WANs), cloud networks, mobile networks and the internet; Transmission of information in the fields of business management, business operations, computers, computer networks and electronic commerce by means of local area networks (LANs), wide area networks (WANs), cloud networks, mobile networks and the Internet; Providing private and secure real time electronic communication, namely, emails, text messages, and voice messages, by means of local area networks (LANs), wide area networks (WANs), cloud networks, mobile networks and the Internet; providing virtual private network services, namely, providing computer network security services to enable private and secure transmission of electronic communications over private or public computer networks; consulting in the field of communications and telecommunications; providing online chat rooms, bulletin boards and forums for transmission of messages among users in the fields of computers and the use of computers and telecommunications systems for storing, retrieving and sending information; streaming of audio and video material via the Internet, namely, news segments and short films in the fields of computers, development and operation of computer software and computer networks and information technology; voice over Internet protocol (VOIP) services

Class 41

(5) Educational and training services, namely, conducting classes, workshops, seminars and conferences in the field of computers, software, electronic commerce and information technology; online journals, namely, blogs featuring information in the fields of computers, software, electronic commerce and information technology

Class 42

(6) Research and development of new products for others; research and development of computer software; research and development in the field of computer hardware, computer software and computer networks; design and development of computer hardware and software; computer systems analysis, planning, integration and design; integration of computer systems and software; integration of computer systems and networks; computer system administration for others; rental and leasing of computer hardware and computer peripherals; computer consulting services; advice on designing, selecting, and using computer hardware and systems; computer software consultancy; consulting services for others in the selection, implementation and use of computer software; consulting services in the field of software as a service; Internet consulting services, namely, technical consulting services in the fields of datacenter architecture, public and private cloud computing solutions, and evaluation and implementation of internet technology and services; consulting services in the field of management of computer hardware, computer software and computer networks; consulting in the field of IT and applications transformation, integration, modernization, migration, design, development, implementation, testing, optimization, operation and management; Consulting services in the field of cloud computing; consulting services in the

field of big data processing and analytics; consulting in the field of cloud infrastructure; consulting services in the fields of datacenter architecture, public and private cloud computing solutions, and evaluation and implementation of Internet technology and services; consulting in the field of information security, governance and compliance; consulting in the field of computer and information security and IT risk management; consulting in the field of IT mobility and workplace services, namely, business efficiency services and risk management services; technological consultation in the technology field of unified communications hardware and software; consulting in the field of IT solutions for customer relationship management, finance and administration, human resources, payroll and document processing; consulting in the field of application delivery management; consulting in the field of marketing optimization; consulting in the fields of converged infrastructure and hyper-converged infrastructure; consulting in the field of utility industry services, operations and billing; consulting in the field of environmental and energy efficiency; scientific and technological services, namely, research and design in the field of computer networking hardware and computer datacenter architecture; technical consulting services in the field of datacenter architecture; providing temporary use of online non-downloadable middleware for providing an interface between software applications and operating systems; providing temporary use of on-line non-downloadable cloud computing software for use in database management and electronic storage of data; computer hardware and software design and development; computer programming services; developing driver and operating system software; software application development, modernization and cloud integration; software installation, maintenance and update services; testing the operation and functionality of computers, networks and software; business technology software development and consultation services; computer programming services for others in the field of software configuration management; computer software development in the field of mobile applications; updating and maintaining cloud-based computer software through on-line updates, enhancements and patches; service desk, help desk and troubleshooting services for IT infrastructure, computer hardware, computer software, computer peripherals and computer networks; technical support services, namely, troubleshooting of computer software problems; technical support services, namely, troubleshooting in the nature of diagnosing computer hardware and software problems; technical support services, namely, migration of datacenter, server and database applications; technical support services, namely, monitoring of computers, network systems, servers and web and database applications, and notification of related events and alerts; technical support services, namely remote real-time computer and network monitoring services; technical support services, namely, remote and on-site infrastructure management services for monitoring, administration, and management of public and private cloud computing IT and application systems; providing website hosting services, website development and customized online web pages for others; consulting services in the field of cloud computing; cloud hosting provider services; hosting software applications for others; cloud hosting of electronic databases; web, cloud and computer infrastructure hosting services; providing servers of variable capacity to others; rental of computing and data storage facilities of variable capacity to third parties; infrastructure-as-a-service (IaaS) services, namely, providing computer hardware, computer software, computer peripherals to others on a subscription or pay-per-use basis; virtualization services, namely, hosting and providing remote access to virtualized client computers; virtualization services, namely, providing temporary use of non-downloadable software for hosting and providing remote access to virtualized client computers; integration of private and public cloud computing environments; remote and on-site management of information technology (IT) systems and software applications for others; cloud computing featuring software for use in database management; computer services, namely, hosting, managing, provisioning, scaling, administering, maintaining, monitoring, securing, encrypting, decrypting, replicating and backing up databases for others; management of data centers, IT security, cloud computing, workplace technology, computer networks, unified communications and enterprise IT services for others; rental of space in a computer co-location facility for containerized data centers of others; database development services; data mining services; data backup and data restoration services; data migration services; data encryption and decryption services; cloud computing featuring software for use in database management and data warehousing; electronic data storage services, namely cloud storage services, storage-as-a service and online storage services for others; electronic storage of digital content, namely, images, text, video and audio data; software-as-a-service (SaaS) services featuring software for information technology (IT) management, IT infrastructure management, remote IT infrastructure management, IT asset management and inventory, IT process automation, IT device lifecycle management, IT security, IT reporting and forecasting, IT infrastructure fault and performance monitoring; software as a service for managing IT service desks and IT help desk services; software as a service for use in enterprise applications, database management, and electronic storage of data; software as a service for monitoring cloud, web and application performance; software as a service for cloud infrastructure management and automation; software as a service for data protection and data security; software as a service for information security compliance monitoring, reporting and analytics; software as a service for IT security intelligence and risk management; software as a service for data backup, recovery and archiving, software as a service for data searching, namely, for creating searchable databases of information and data; software as a service for data transmission, storage, processing and reproduction; software as a service for real-time, integrated business management intelligence by combining information from various databases; software as a service for business analytics, namely collecting and analyzing data to facilitate business decision making; software as a service for use in big data analysis; software as a service for automating the processing of un-structured, semi-structured and structured information and data stored on computer networks and the Internet; software as a service for business organization and business process virtualization and management; software as a service for customer relationship management (CRM); software as a service for enterprise resource planning (ERP); software as a service for business risk management; software as a service for project portfolio management (PPM); software as a service for records management; software as a service for product lifecycle management; infrastructure-as-a-service in the nature of technical support services, namely, remote and on-site infrastructure management services for monitoring, administration and management of public and private cloud computing IT and application systems; temporary use of non-downloadable software, for converged IT systems infrastructure; temporary use of non-downloadable software for computer and network operation, management, automation, virtualization, configuration, provisioning, deployment, and control; temporary use of non-downloadable software for information technology (IT) management, IT infrastructure management, remote IT infrastructure management, IT asset management and inventory, IT process automation, IT device lifecycle management, IT security, IT reporting and forecasting, IT infrastructure fault and performance monitoring, and IT service desk and help desk functions; temporary use of non-downloadable software for data protection, data security, and computer application and network security; temporary use of non-downloadable software for information security regulatory compliance; temporary use of non-downloadable software for monitoring computer network access and activity; temporary use of non-downloadable software for data encryption and decryption, cryptography, computer user authentication, and information security compliance monitoring, reporting and analytics; temporary use of non-downloadable software for data backup, recovery, archiving and deduplication; temporary use of non-downloadable software for cloud infrastructure management and automation; temporary use of non-downloadable software for cloud, web and application performance monitoring; temporary use of non-downloadable software for database and database management, data warehouse operation and automation, data center operation and automation, application and database integration, data transmission, storage, processing and reproduction, and for accessing, querying and analyzing information stored in databases and data warehouses; temporary use of non-downloadable software for business intelligence, business process insight, data analytics, information management, knowledge management, customer relationship management, and enterprise resource and risk management; temporary use of non-downloadable software for storing, managing, tracking, and analyzing business data; temporary use of non-downloadable search engine software and software for project and records management; temporary use of non-downloadable software for software development, deployment, testing, delivery and application lifecycle management; temporary use of non-downloadable software-defined infrastructure (SDS) software for virtualizing and managing computers, computer hardware, computer software, servers, computer networks and data storage; temporary use of non-downloadable software in fields of converged and hyper-converged IT infrastructure; software as a service services, namely, hosting cloud and datacenter infrastructure software for use by others for use in database management and application development; temporary use of non-downloadable software for automating and managing utility industry services, operations and billing; temporary use of non-downloadable software for managing software licenses

Goods

Class 09

(1) Apparatus for recording, transmission or reproduction of sound or images, namely audio-video receivers, remote video consoles, video cameras, and web cameras; blank discs, blank laser discs, blank optical discs; calculating machines, data processing equipment, namely, computers; downloadable cloud computer software for use in cloud infrastructure management, data warehouse infrastructure management, database management and electronic storage of data; computer software for creating searchable databases of information and data; computer software for electronic storage of data; computers; computer hardware; computer servers; network servers; Internet servers; computer networking and communications hardware; computer network hubs, routers, controllers, switches and wireless access points; computer storage hardware; computer storage servers; computer storage area network (SAN) servers; computer network-attached storage (NAS) hardware; computer and communications hardware for storage area networks; disk backup hardware; hard disk drives; disk drive arrays and enclosures; redundant array of independent disks (RAID) controllers; host bus adapters; data storage systems comprising

computer hardware, computer peripherals, namely, computer network hubs, routers, controllers, switches and wireless access point routers, disk drives, disk drive arrays and enclosures, redundant array of independent disks (RAID) controllers, host bus adapters, magnetic tape units for computers, blank tapes for storage of computer data, memory chips, namely, computer memories and computer memory hardware, semiconductors, printed circuit boards, integrated circuits and operating system software; integrated IT systems comprising computer, computer storage and networking computer hardware, hardware and software for operation and administration of converged computer network infrastructure; modular IT systems comprising computers, data storage servers, computer networking hardware, power modules for computers and computer networks and internal cooling modules for computers and computer networks; computer peripherals, namely, computer network hubs, routers, controllers, switches and wireless access point routers, disk drives, disk drive arrays and enclosures, redundant array of independent disks (RAID) controllers, host bus adapters, magnetic tape units for computers, blank tapes for storage of computer data, memory chips, namely, computer memories and computer memory hardware, semiconductors, printed circuit boards, integrated circuits; digital signage consisting of multiple touch-enabled LCD flat panel screens; magnetic tape units for computers; blank tapes for storage of computer data; computer memory chips; semiconductors, printed circuit boards, integrated circuits and electronic components for computers; computer operating systems; server software; network software; cloud software; storage software; virtualization software; computer software for configuration, provisioning, deployment, control, management and virtualization of computers, computer servers and data storage devices, namely, high-speed storage subsystems for storage and backup of electronic data either locally or via telecommunications network; software for computer network operation, management, automation and virtualization; computer software for software-defined networking; local area network (LAN) operating software; wide area network (WAN) operating software; computer software for connecting disparate computer systems, servers and storage devices, namely, high-speed storage subsystems for storage and backup of electronic data either locally or via telecommunications network; software for cloud infrastructure management and automation; computer software used for running cloud computing based applications; cloud computer software for use in enterprise applications, database management, and electronic storage of data; computer software for monitoring cloud, web and application performance; computer software for information technology (IT) management, IT infrastructure management, remote IT infrastructure management, IT asset management and inventory, IT process automation, IT device lifecycle management, IT security, IT reporting and forecasting, IT infrastructure fault and performance monitoring, and IT service desk and help desk software; computer software for data protection and data security; computer software for providing security for computers, networks and electronic communications; application and network security software; computer software for monitoring computer network access and activity; computer software for assessing application security; data and document encryption and decryption software; cryptography software; computer user authentication software; software for information security compliance monitoring, reporting and analytics; IT security intelligence and risk management software; data backup, recovery and archiving software; computer software for data deduplication; database management software; computer software used to read and evaluate content located on global computer networks, databases and networks; computer software for application and database integration; computer search engine software; software for searching databases; computer software for creating searchable databases of information and data; computer data warehouse operation and automation software; data center operation and automation software; computer software for data transmission, storage, processing and reproduction; computer software for accessing, querying and analyzing information stored in databases and data warehouses; information and knowledge management software; business intelligence software; computer software that provides real-time, integrated business management intelligence by combining information from various databases; business and big data analytics software; computer software that automates the processing of un-structured, semi-structured and structured information and data stored on computer networks and the Internet; business process insight software; customer relationship management (CRM) software; enterprise resource and risk management software; project management software; records management software; software development and deployment tools; software development tools for the creation of mobile Internet applications and client interfaces; application testing and delivery software; application and product lifecycle management software; software-defined infrastructure (SDS) software; computer software that provides web-based access to applications and services through a web operating system or portal interface; software to automate and manage utility industry services, operations and billing; software for managing software licenses

Class 16

(2) Printed matter, namely, magazines, printed periodicals, books, newsletters, brochures and journals in the field of computers, computer software and information technology; instructional and teaching materials, namely guides, manuals, text books and work books in the field of computers, computer software and information technology; brochures about technological developments, printed reference guides, technical bulletins, data sheets and printed product catalogs in the field of computers and information technology; product operating and service guides for computers and computer peripherals

SERVICES

Class 35

(1) Advertising the goods and services of others; business management; business administration; office functions, namely, data processing services, managing computer networks; business management consulting services; business consulting services in the field of information technology (IT); business consultation services in the field of business process improvement and outsourcing; business consultation services in the field of enterprise architecture; IT outsourcing services and employment staffing for information technology projects; business process outsourcing services in the fields of computers and the use of computers and telecommunications systems for storing, retrieving and sending information; IT strategic planning services; IT asset management services; compilation and systemization of information into computer databases; database management services; online retail store services and ordering services featuring computer hardware, software and peripherals; business services, namely, assisting others in the negotiation and development of business partnerships and business alliances, developing marketing strategies and marketing concepts for others in the field of information and computer technology; developing promotional campaigns for others in the field of information and computer technology; customer relationship management services; electronic commerce services, namely, advertising the goods and services of others via the Internet for the purpose of selling such third party products and services; taxonomy services, namely, classification and organization of data for records management purposes; providing a website featuring an online marketplace for sellers and buyers of computer and IT goods and services; business knowledge management services; business data analysis

Class 36

(2) Insurance; financial affairs and monetary affairs, namely, financial information, management and analysis services; purchase financing and lease financing services; processing, management and administration of employee health and welfare benefit plans; providing credit card transaction

processing services for others; providing insurance claim processing services for others; financial analysis and consultation services for the organization and administration of banking and financial operations; financial asset management; billing services

Class 37

(3) Building construction; repair of information technology (IT) equipment; installation of information technology (IT) equipment; installation, maintenance and repair of computers and computer, networking and telecommunications hardware

Class 38

(4) Transmission of images, texts, webcasts, and data in the fields of computer networking, computer networking, computer storage, computer infrastructure, computer systems and telecommunications systems by means of local area networks (LANs), wide area networks (WANs), cloud networks, mobile networks and the internet; Transmission of information in the fields of business management, business operations, computers, computer networks and electronic commerce by means of local area networks (LANs), wide area networks (WANs), cloud networks, mobile networks and the Internet; Providing private and secure real time electronic communication, namely, emails, text messages, and voice messages, by means of local area networks (LANs), wide area networks (WANs), cloud networks, mobile networks and the Internet; providing virtual private network services, namely, providing computer network security services to enable private and secure transmission of electronic communications over private or public computer networks; consulting in the field of communications and telecommunications; providing online chat rooms, bulletin boards and forums for transmission of messages among users in the fields of computers and the use of computers and telecommunications systems for storing, retrieving and sending information; streaming of audio and video material via the Internet, namely, news segments and short films in the fields of computers, development and operation of computer software and computer networks and information technology; voice over Internet protocol (VOIP) services

Class 41

(5) Educational and training services, namely, conducting classes, workshops, seminars and conferences in the field of computers, software, electronic commerce and information technology; online journals, namely, blogs featuring information in the fields of computers, software, electronic commerce and information technology

Class 42

(6) Research and development of new products for others; research and development of computer software; research and development in the field of computer hardware, computer software and computer networks; design and development of computer hardware and software; computer systems analysis, planning, integration and design; integration of computer systems and software; integration of computer systems and networks; computer system administration for others; rental and leasing of computer hardware and computer peripherals; computer consulting services; advice on designing, selecting, and using computer hardware and systems; computer software consultancy; consulting services for others in the selection, implementation and use of computer software; consulting services in the field of software as a service; Internet consulting services, namely, technical consulting services in the fields of datacenter architecture, public and private cloud computing solutions, and evaluation and implementation of internet technology and services; consulting services in the field of management of computer hardware, computer software and computer networks; consulting in the field of IT and applications transformation, integration, modernization, migration, design, development, implementation, testing, optimization, operation and management; Consulting services in the field of cloud computing; consulting services in the

field of big data processing and analytics; consulting in the field of cloud infrastructure; consulting services in the fields of datacenter architecture, public and private cloud computing solutions, and evaluation and implementation of Internet technology and services; consulting in the field of information security, governance and compliance; consulting in the field of computer and information security and IT risk management; consulting in the field of IT mobility and workplace services, namely, business efficiency services and risk management services; technological consultation in the technology field of unified communications hardware and software; consulting in the field of IT solutions for customer relationship management, finance and administration, human resources, payroll and document processing; consulting in the field of application delivery management; consulting in the field of marketing optimization; consulting in the fields of converged infrastructure and hyper-converged infrastructure; consulting in the field of utility industry services, operations and billing; consulting in the field of environmental and energy efficiency; scientific and technological services, namely, research and design in the field of computer networking hardware and computer datacenter architecture; technical consulting services in the field of datacenter architecture; providing temporary use of online non-downloadable middleware for providing an interface between software applications and operating systems; providing temporary use of on-line non-downloadable cloud computing software for use in database management and electronic storage of data; computer hardware and software design and development; computer programming services; developing driver and operating system software; software application development, modernization and cloud integration; software installation, maintenance and update services; testing the operation and functionality of computers, networks and software; business technology software development and consultation services; computer programming services for others in the field of software configuration management; computer software development in the field of mobile applications; updating and maintaining cloud-based computer software through on-line updates, enhancements and patches; service desk, help desk and troubleshooting services for IT infrastructure, computer hardware, computer software, computer peripherals and computer networks; technical support services, namely, troubleshooting of computer software problems; technical support services, namely, troubleshooting in the nature of diagnosing computer hardware and software problems; technical support services, namely, migration of datacenter, server and database applications; technical support services, namely, monitoring of computers, network systems, servers and web and database applications, and notification of related events and alerts; technical support services, namely remote real-time computer and network monitoring services; technical support services, namely, remote and on-site infrastructure management services for monitoring, administration, and management of public and private cloud computing IT and application systems; providing website hosting services, website development and customized online web pages for others; consulting services in the field of cloud computing; cloud hosting provider services; hosting software applications for others; cloud hosting of electronic databases; web, cloud and computer infrastructure hosting services; providing servers of variable capacity to others; rental of computing and data storage facilities of variable capacity to third parties; infrastructure-as-a-service (IaaS) services, namely, providing computer hardware, computer software, computer peripherals to others on a subscription or pay-per-use basis; virtualization services, namely, hosting and providing remote access to virtualized client computers; virtualization services, namely, providing temporary use of non-downloadable software for hosting and providing remote access to virtualized client computers; integration of private and public cloud computing environments; remote and on-site management of information technology (IT) systems and software applications for others; cloud computing featuring software for use in database management; computer services, namely, hosting, managing, provisioning, scaling, administering, maintaining, monitoring, securing, encrypting, decrypting, replicating and backing up databases for others; management of data centers, IT security, cloud computing, workplace technology, computer networks, unified communications and enterprise IT services for others; rental of space in a computer co-location facility for containerized data centers of others; database development services; data mining services; data backup and data restoration services; data migration services; data encryption and decryption services; cloud computing featuring software for use in database management and data warehousing; electronic data storage services, namely cloud storage services, storage-as-a service and online storage services for others; electronic storage of digital content, namely, images, text, video and audio data; software-as-a-service (SaaS) services featuring software for information technology (IT) management, IT infrastructure management, remote IT infrastructure management, IT asset management and inventory, IT process automation, IT device lifecycle management, IT security, IT reporting and forecasting, IT infrastructure fault and performance monitoring; software as a service for managing IT service desks and IT help desk services; software as a service for use in enterprise applications, database management, and electronic storage of data; software as a service for monitoring cloud, web and application performance; software as a service for cloud infrastructure management and automation; software as a service for data protection and data security; software as a service for information security compliance monitoring, reporting and analytics; software as a service for IT security intelligence and risk management; software as a service for data backup, recovery and archiving; software as a service for data searching, namely, for creating searchable databases of information and data; software as a service for data transmission, storage, processing and reproduction; software as a service for real-time, integrated business management intelligence by combining information from various databases; software as a service for business analytics, namely collecting and analyzing data to facilitate business decision making; software as a service for use in big data analysis; software as a service for automating the processing of un-structured, semi-structured and structured information and data stored on computer networks and the Internet; software as a service for business organization and business process virtualization and management; software as a service for customer relationship management (CRM); software as a service for enterprise resource planning (ERP); software as a service for business risk management; software as a service for project portfolio management (PPM); software as a service for records management; software as a service for product lifecycle management; infrastructure-as-a-service in the nature of technical support services, namely, remote and on-site infrastructure management services for monitoring, administration and management of public and private cloud computing IT and application systems; temporary use of non-downloadable software, for converged IT systems infrastructure; temporary use of non-downloadable software for computer and network operation, management, automation, virtualization, configuration, provisioning, deployment, and control; temporary use of non-downloadable software for information technology (IT) management, IT infrastructure management, remote IT infrastructure management, IT asset management and inventory, IT process automation, IT device lifecycle management, IT security, IT reporting and forecasting, IT infrastructure fault and performance monitoring, and IT service desk and help desk functions; temporary use of non-downloadable software for data protection, data security, and computer application and network security; temporary use of non-downloadable software for information security regulatory compliance; temporary use of non-downloadable software for monitoring computer network access and activity; temporary use of non-downloadable software for data encryption and decryption, cryptography, computer user authentication, and information security compliance monitoring, reporting and analytics; temporary use of non-downloadable software for data backup, recovery, archiving and deduplication; temporary use of non-downloadable software for cloud infrastructure management and automation; temporary use of non-downloadable software for cloud, web and application performance monitoring; temporary use of non-downloadable software for database and database management, data warehouse operation and automation, data center operation and automation, application and database integration, data transmission, storage, processing and reproduction, and for accessing, querying and analyzing information stored in databases and data warehouses; temporary use of non-downloadable software for business intelligence, business process insight, data analytics, information management, knowledge management, customer relationship management, and enterprise resource and risk management; temporary use of non-downloadable software for storing, managing, tracking, and analyzing business data; temporary use of non-downloadable search engine software and software for project and records management; temporary use of non-downloadable software for software development, deployment, testing, delivery and application lifecycle management; temporary use of non-downloadable software-defined infrastructure (SDS) software for virtualizing and managing computers, computer hardware, computer software, servers, computer networks and data storage; temporary use of non-downloadable software in fields of converged and hyper-converged IT infrastructure; software as a service services, namely, hosting cloud and datacenter infrastructure software for use by others for use in database management and application development; temporary use of non-downloadable software for automating and managing utility industry services, operations and billing; temporary use of non-downloadable software for managing software licenses

CLAIMS

Priority Filing Date: UNITED STATES OF AMERICA April 14, 2015, Application No: 86/597155 in association with the same kind of goods and in association with the same kind of services.
Proposed Use in CANADA on goods and on services

APPLICANT AND REPRESENTATIVE FOR SERVICE

Applicant	**Representative for Service**
RON MATUSALEM & MATUSA OF FLORIDA, INC., a corporation organized and existing under the laws of the State of Florida, 1205 S. W. 37th Avenue, Suite 100, Miami, FL 07302, UNITED STATES OF AMERICA	BROUILLETTE LEGAL INC. 1050, Côte du Beaver Hall, Bureau 1500, MONTREAL, QUEBEC, H2Z0A5

TRADEMARK

EL ESPIRITU DE CUBA

Foreign Character Translation/Transliteration

The translation provided by the applicant of the Spanish words EL ESPIRITU DE CUBA is THE SPIRIT OF CUBA.

Goods

Class 32

(1) Non-alcoholic beverages intended to be mixed with rum made in the Dominican Republic, namely, non-alcoholic fruit drinks, non-alcoholic carbonated drinks, fruit-flavored beverages, non-alcoholic coffee-based beverages, non-alcoholic tea-based beverages, non-alcoholic sparkling water, non-alcoholic flavored water; non-alcoholic cocktails.

Class 33

(2) Alcoholic beverages, namely, rum made in the Dominican Republic, liqueurs made in the Dominican Republic, alcoholic rum-based beverages containing rum made in the Dominican Republic; alcoholic cocktails based on rum made in the Dominican Republic.

SERVICES

Class 35

Promoting the sale of alcoholic beverages via on-premise administration of incentives, namely trips, promotional contests and giveaways, namely, t-shirts, hats, key-rings, drinking glasses and removable tattoo stickers at retail stores, bars, restaurants, nightclubs and community social events promoting alcoholic beverages; retail sales of alcoholic beverages.

Goods

(1) Defrosters for vehicles; heaters for defrosting windows of vehicles; vehicle headlights.

(2) Apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes, namely, vehicle head lights, lighting consoles and lighting systems of vehicles consisting of rear light, signal lights and parts and fitting therefore, flues and installations for conveying exhaust gases, namely, automotive exhaust pipes, exhaust pipes for

land vehicles, and exhaust manifold for engines, sun tanning appliances, namely, tanning lamps, sanitary installations, water supply and sanitation equipment, namely, water conditioning units, burners, namely, gas burners, oil burners, and oven burners, boilers, namely, boilers for heating installations, electric boilers, gas boilers, heating boilers, industrial boilers, lighting reflectors, namely, reflectors for vehicles, lamp reflectors, food and beverage cooking, heating, cooling and treatment equipment, namely, food blenders, mixers, dehydrators, thermally insulated containers for food, electric and non-electric cooking griddles, water coolers, portable beverage coolers, beverage cooling and ice dispensing machines, refrigerated beverage dispensing units, thermal insulated containers and bags for food or beverages, refrigerators, fireplaces, filters for industrial and household use, namely, filters for cleaning cooling air for engines, air filters and glow plugs for diesel engines, air filters for air conditioning units, air filters for engines and motors, water filtering units for domestic use and industrial use, and oil filters for engines and motors, industrial treatment installations, namely, gas filters for engines and motors, gas purification machines, gas scrubbers and gas purifiers, industrial ovens namely, drying ovens for laboratory use, laboratory ovens, microwave ovens for industrial purposes, industrial ovens for use in thermal processing and electric heat-treating furnace, and industrial furnaces (not for food or beverages), chemical processing equipment, namely, calcining machines for chemical processing, dissolving machines for chemical processing, distillers for chemical processing, dust collecting machines for chemical processing, emulsifying machines for chemical processing, evaporators for chemical processing, extracting machines for chemical processing, filter presses for chemical processing, and heat exchangers for chemical processing, industrial installations for filtering liquids, namely, mineral filtering materials for the sewage treatment industry, water filtering units for industrial use, water treatment plant filters, installations for the collection of gases, namely, liquefied gas storage tanks of metal, metal containers for compressed gas, containers of metal for liquid gas, metal pipes for liquid and gas transfer, compressors for recovering and recycling refrigerant gases, installations for the collection of liquids, namely, containers of metal for liquid fuel, containers of metal for liquid gas, containers of metal for chemicals, compressed gases and liquids, containers of metal for compressed gas or liquid air, launders for trapping impurities in molten metal, biological reactors in the nature of on-site sewage treatment systems for clarifying industrial effluents, apparatus for dehydrating food waste, namely, food waste dehydrators, drying installations, namely, drying ovens for laboratory use, drying racks for washing, laundry drying machines, refrigerating and freezing equipment, namely, refrigerators, refrigerated display cases, refrigerated shipping containers, refrigeration condensers, refrigerator compressors, compressors for recovering and recycling refrigerant gases, freezers, electric freezers for household purposes, refrigerating or freezing showcases, regulating and safety accessories for water and gas installations, namely, electrical control systems for heating and air conditioning systems, electronic controllers for furnaces, level controlling valves in tanks, thermostatic control valves for machines, alarms for the detection of inflammable gases, gas alarms, gas compressors, gas meters, gas mixers for laboratory use, electrical industrial controls for monitoring waste water treatment, electromechanical controls for water heaters, water level indicators, water meters, water conditioning units, waste water treatment chemicals, water filtering units for industrial use, water purification machines for domestic use, water test kits, water treatment chlorinator units, nuclear installations, namely, nuclear generators, nuclear reactors, heating, ventilating and air conditioning and purification equipment (ambient), namely, electrical control systems for heating and air conditioning systems, central heating radiators, boilers for heating installations, electric radiators for heating buildings, heat exchangers, heat pumps, heating furnaces for industrial purposes, heaters for vehicles, air pumps for automobiles, air compressors for vehicles, air impellers for ventilation, ducts of metal for ventilating and air conditioning installations, ventilating fans, ventilation hoods, air conditioners, air conditioners for vehicles, air turbines for land vehicles, air conditioning ducts, compressors for air conditioners, fans for air conditioning units, filters for air conditioning units, air purifying units, industrial air purifiers, separators for the cleaning and purification of air, air filters for automobile engines, lighting apparatus and installations for vehicles and air vehicles, namely, automobile lights, lights for vehicles, rear lights for vehicles, spot lights for use on vehicles, electrical control systems for lighting systems, lamps, namely, vehicle breakdown warning lamp, electric lamps, vehicle dynamo lamps, vehicle breakdown warning lamps, LED flashlights, light-emitting diodes [LED] lighting apparatus for vehicles, namely, LED (light emitting diode) automobile lights, LED (light emitting diode) lights for vehicles, LED (light emitting diode) rear lights for vehicles, LED (light emitting diode) spot lights for use on vehicles, LED (light emitting diode) clip-on flashing safety lights for vehicles, light bulbs for directional signals for vehicles, anti-glare devices for vehicles [lamp fittings], namely, anti-glare fittings for lamps for use in vehicles, anti-dazzle devices for automobiles [lamp fittings], namely, anti-dazzle fittings for lamps for use in automobiles, torches for lighting, namely, electric torches for lighting, arc lamps, namely, carbon arc lamp units for therapeutic purposes, mercury arc lamp units for therapeutic purposes, electric coffee machines, electric fans for personal use, electric discharge tubes for lighting, bicycle lights, vehicle lights and their parts, vehicle reflectors and their parts, vehicle headlights and their parts, sockets for electric lights, friction lighters for igniting gas, lighters, light bulbs, electric light bulbs, incandescent burners, filaments for electric lamps, miners' lamps, heating apparatus for solid, liquid or gaseous fuels, namely, electrical control systems for heating and air conditioning systems, central heating radiators, boilers for heating installations, electric radiators for heating buildings, heat exchangers, heat pumps, heating furnaces for industrial purposes, heaters for vehicles, electric heating apparatus, namely, heating apparatus for defrosting windows of automobiles, defrosters for automobile, electric radiant heaters for household purposes, electric radiators for heating buildings, electrical control systems for heating and air conditioning system, heaters for vehicles, air conditioning installations and apparatus, namely, air conditioners, air conditioners for vehicles, air conditioning installations for cars, air conditioning installations for vehicles, filters for air conditioners, filters for air conditioning units, cooling installations and machines, namely, engine cooling radiators, refrigerators, air conditioners for vehicles, electric lamps, acetylene generators, gas lamps, lamp glasses, lamp mantles, lamp globes, lamp chimneys, lamp shades, lampshade holders, luminous tubes for lighting, discharge tubes, electric, for lighting, light diffusers, filters for air conditioning, air filtering installations, namely, air filtering units for removing dust, filters [parts of household or industrial installations], namely, filters for air conditioning units, gas filters for engines, oil filters, deodorising apparatus, not for personal use, namely, air deodorizers, car deodorizers, defrosters for vehicles, ventilation [air-conditioning] installations for vehicles, namely, air conditioners for vehicles, heating apparatus for defrosting windows of vehicles, germicidal lamps for purifying air, spa baths [vessels], namely, bath cubicles, bath fittings, bath installations, air sterilisers, air driers [dryers], namely, dehumidifiers, desiccating units for removing water from the air in dehumidification systems, lamp reflectors, safety lamps, solar collectors [heating], pocket torches, electric, namely, electric torches for lighting, electric flashlights, LED flashlights, gas-operated blow torches, soldering torches, welding torches, ultraviolet ray lamps, not for medical purposes, water conduits installations, namely, water-pipes of metal, metal water conduits consisting of water-pipes, valves and mixer taps, non-metallic water conduits consisting of water-pipes, valves and mixer taps, metal water conduits installations consisting of water-pipes, valves and mixer taps used with beverage dispensing machines, metal water conduits installations consisting of water-pipes, valves and mixer taps for use in water treatment, level controlling valves in tanks, electric radiators, polymerisation installations, and parts and fittings of all aforesaid goods.

(6) roasted coffee beans; unroasted coffee; coffee; instant coffee; cocoa powder; cocoa and cocoa products, namely, cocoa butter and cocoa butter substitutes, cocoa powder, cocoa cake; cocoa and foodstuff containing cocoa as the main constituent, namely spreads; cocoa; sugar; palm sugar; rice; artificial coffee; pastry; confectionery, namely almond confectionary, chocolate confectionery, peanut confectionery; sugar confectionery; chocolate covered nuts; chocolate coated nuts; spices, namely, allspice, cinnamon, curry, cloves, ginger, saffron, peppers, pepper; preserved seasonings; cocoa-based beverages; cocoa beverages with milk; coffee-based beverages; coffee beverages with milk; chocolate-based beverages; tea-based beverages; unroasted coffee; coffee flavourings; biscuits; maize flakes; maize flour; milled maize; roasted maize; husked barley; crushed barley; crushed oats; processed sorghum; rye flour; flaxseed for human consumption; pasta; noodles; instant noodles; noodle-based prepared meals; prepared savoury meals primarily consisting of rice; prepared savoury meals primarily consisting of pasta; prepared savoury meals in the form of pizza; corn flour; maize flour; soya flour; wheat flour; potato flour; tapioca flour; nut flours; milled corn

Class 31

(7) Wheat; maize; fresh soya beans; sunflower seeds, unprocessed edible sesame, oil seeds namely sesame seeds, roasted and ground sesame seeds, table salt mixed with sesame seeds, cola nuts, fresh betel nuts, fresh cashew nuts, fresh cola/kola nuts, fresh gingko nuts, fresh nuts, fresh pine nuts, roasted nuts, raw nuts; unprocessed cereals; raw cocoa beans; raw nut kernels; malt for brewing and distilling; fresh almonds and raw almonds; fresh hazelnuts; fresh peanuts; unprocessed edible sesame; maize; unprocessed barley; unprocessed sorghum; rye; unprocessed edible flaxseed; fresh chickpeas; rice, unprocessed; sugarcane; fresh fruit; fresh vegetables; fresh onions; fresh garlic; fresh parsley; pepper plants; fresh pulses

SERVICES

Class 35

(1) Business management for a supply chain; provision of business information, business planning, business management organization, business consultancy, management of business (for others) and business advice services in the fields of logistics, facilities management, warehouse management, warehouse efficiency and design, procurement and purchasing, supplier management, supplier selection, supplier evaluation, stock, inventory and merchandising, assembly and operations, supply chain matters, transportation and fleet management; business management services relating to third party contract; business project management of warehouse development and equipment installations; business management of logistics in the field of delivery services; risk management consultancy (business)

Class 36

(2) Insurance services; insurance services relating to property and transit, motor loss or damage, cash and cash in transit, fidelity guarantee, and excess legal liability insurance; financial customs brokerage services; financial risk management services; investment fund services; financial management services

Class 39

(3) Packaging, namely, merchandise packaging, packaging of articles for transportation, crating, warehouse and storage services; supply chain logistics and reverse logistics services consisting of the transportation of goods for others by air, rail, ship or truck; supply chain logistics and reverse logistics services, namely, storage, transportation and delivery of goods for others by air, rail, ship or truck; supply chain logistics and reverse logistics services, namely, storage, transportation and delivery of documents, packages, raw materials, and other freight for others by air, rail, ship or truck; rental of vehicles and storage containers; garage rental services; air transportation of goods; freight transportation by rail

Class 40

(4) Processing of agricultural products, namely, fruit pressing, flour milling; milk processing; fruit crushing; processing of seeds; material treatment namely bleaching of plastics, rubber and cotton; treatment of plastics, rubber and cotton for fire retardation, water proofing, treatment of plastics, rubber and cotton for resistance to stains, pests, mould and water; material treatment namely treatment of palm oil, crude palm oil and oils by the removal of polychlorinated biphenols, processing and refining of palm oil, processing and refining of oil, treatment of materials using chemicals, treatment of carpets to impart antistatic and stain repellent properties, treatment of clothing for recycling purposes, treatment of paper namely waterproofing, waxing paper, bleaching paper, metal treatment services namely heat treatment for hardening or softening of metals, treatment of resistance to rust, vulcanization of rubber, recycling of waste and chemicals, water treatment, treatment of waste, treatment of wood and sawdust for resistance of stains, pests, mould and water; fermentation of grape juice to wine for others; distillation of alcohol, distillation of water; fruit pressing; flour milling; operation of saw mills, planing of timber; clothes and cloth dyeing services, fabric dyeing services, sawing of timber, burnishing boat hulls, burnishing coins by abrasion; burnishing of floors; sawing of timber, burnishing of timber using abrasion techniques; timber preservation; woodworking; cloth dyeing; dyeing of clothing; textile dyeing; textile treating, namely, textile fireproofing and textile waterproofing; fabric waterproofing; cloth treating; flour milling; oilseed grinding; cocoa grinding; food smoking; freezing of foods; cooking oil and vegetable oil recycling services, oil production services; freezing of foods, canning of foods for others.

Class 42

(5) Research and development of new products for others; medical laboratory services, veterinary laboratories, chemical laboratories, optical laboratories, laboratory research in the field of chemistry and bacteriology; laboratory research in the field of food chemistry, food safety and microbiology; provision of scientific information in the field of biological research in the field of agriculture and food technology; chemical analysis services; chemical research services; bacteriological research, biochemical research and analysis, biomedical research services; technical research in the field of chemistry; technical research in the field of food and beverages; technical research services relating to foods and dietary supplements; technical research in the field of environmental engineering; technical research in the field of pollution detection; quality evaluation of standing timber services; analysis of water quality; geological surveys services; energy auditing services; calibration of laboratory equipment, calibration of industrial temperature controllers, calibration of electronic equipment, calibration measuring services of weighing

apparatus; research in the field of environmental protection; advice and consultancy in relation to food chemistry

Class 44

(6) Consultancy, advisory and information services relating to agriculture; agriculture services relating to environmental conservation; provision of agricultural information services in the form of agricultural reports; pest control services in the area of agriculture; weed control services in the area of agriculture

TRADEMARK

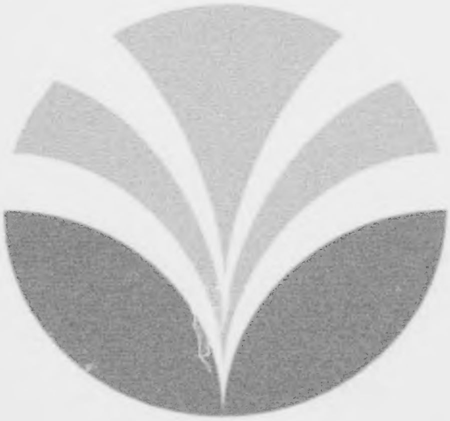

Image Description (Vienna)

- More than two lines or two bands
- Oblique lines or bands
- Curved lines or bands (except a 26.11.13)
- Segments of circles or ellipses (except 26.2.7)
- Joined or intersecting segments or sectors of circles or ellipses
- Circles
- One circle or ellipse
- Circles or ellipses containing one or more other geometrical figures -- Note: Including circles or ellipses containing bent or straight lines (except 26.1.10).
- Green
- White, grey, silver

Colour Claim

Colour is claimed as a feature of the trade-mark. The design consists of three elements. The top and middle elements are light green. The element on the bottom of the design is dark green and all elements are on a white background.

Goods

Class 01

(1) Fertilizers; fertilizing preparations; phosphates fertilisers; superphosphates fertilisers; salts fertilisers; nitrogen; nitrogenous fertilisers; potash; potash water; ammoniacal salts; ammonia alum; anhydrous ammonia

Class 17

(2) Rubber, raw or semi-worked; liquid rubber; rubber solutions; latex rubber

Class 19

(3) Building timber; manufactured timber; sawn timber; wood panelling; plywood; planks of wood for building; wood pulp board, for building; mouldable wood

Class 22

(4) Raw cotton; cotton tow; cotton waste flock for padding and stuffing; textile fibres; raw fibrous textile; raw silk; raw or treated wool; raw flax linen; hemp

Class 29

(5) Milk and milk products; dairy products containing milk; dairy products; dairy products flavoured with cheese; cheese, cheese dips, cheese powder, cheese rind, cheese sauce; butter, clarified butter, almond butter, soy based butter substitute, seed butters, butter, apple butter, fruit butters, honey butter, peanut butter toppings, nut butters, peanut butter, butter substitutes, garlic butter, pumpkin butter, powdered nut butters; cocoa butter; milk beverages, cream, dairy milk, cream dairy products; processed edible nuts, namely, shelled nuts, blanched nuts, halved nuts, chopped nuts, sliced nuts, minced nuts, roasted nuts, salted nuts, flavoured nuts; preserved soya beans for food; processed edible seeds, namely, shelled seeds, blanched seeds, halved seeds, chopped seeds, sliced seeds, minced seeds, roasted seeds, salted seeds, flavoured seeds; prepared seeds, namely, sunflower seeds, pumpkin seeds, sesame seeds, chia seeds, poppy seeds, plantain seeds; roasted nuts; salted nuts; edible oils and fats; cooking oils; vegetable oils for cooking, vegetable oils for food; maize oil for cooking, maize oil for food; corn oil for cooking, corn oil for food; palm kernel oil for food; sesame oil for cooking, sesame oil for food; palm oil for food; olive oil for food; sunflower oil for food; coconut oil for cooking, coconut oil for food; flaxseed oil for culinary purposes; mixtures of roasted nuts and of raisins; preserved beans; preserved lentils; ground almonds; prepared hazelnuts, namely, roasted hazelnuts and hazelnut kernels; prepared peanuts, namely, shelled, blanched and roasted peanuts; prepared sesame seeds, namely, hulled, roasted and ground sesame seeds; processed soybeans, namely, dried soybeans, blanched soybeans, halved soybeans, chopped soybeans, sliced soybeans, minced soybeans, roasted soybeans, salted soybeans, flavoured soybeans; tomato juices for cooking; tomato paste; tomato preserves; tomato puree; cooked tomatoes; dried tomatoes; preserved tomatoes; preserved onions; preserved garlic; dried parsley; preserved vegetables; prepared meals primarily consisting of cooked vegetables, vegetable side dishes, vegetable soup preparations, vegetable mousses, mixed vegetables; dried vegetables; frozen vegetables; frozen fruits; preserved fruits; stewed fruit; fruit pulp; preparations for making soup; tinned fish; tinned meat; tinned vegetables; tinned fruits; vegetable juices for cooking

Class 30

(6) roasted coffee beans; unroasted coffee; coffee; instant coffee; cocoa powder; cocoa and cocoa products, namely, cocoa butter and cocoa butter substitutes, cocoa powder, cocoa cake; cocoa and foodstuff containing cocoa as the main constituent, namely spreads; cocoa; sugar; palm sugar; rice; artificial coffee; pastry; confectionery, namely almond confectionary, chocolate confectionery, peanut confectionery; sugar confectionery; chocolate covered nuts; chocolate coated nuts; spices, namely, allspice, cinnamon, curry, cloves, ginger, saffron, peppers, pepper; preserved seasonings; cocoa-based beverages; cocoa beverages with milk; coffee-based

beverages; coffee beverages with milk; chocolate-based beverages; tea-based beverages; unroasted coffee; coffee flavourings; biscuits; maize flakes; maize flour; milled maize; roasted maize; husked barley; crushed barley; crushed oats; processed sorghum; rye flour; flaxseed for human consumption; pasta; noodles; instant noodles; noodle-based prepared meals; prepared savoury meals primarily consisting of rice; prepared savoury meals primarily consisting of pasta; prepared savoury meals in the form of pizza; corn flour; maize flour; soya flour; wheat flour; potato flour; tapioca flour; nut flours; milled corn

Class 31

(7) Wheat; maize; fresh soya beans; sunflower seeds, unprocessed edible sesame, oil seeds namely sesame seeds, roasted and ground sesame seeds, table salt mixed with sesame seeds, cola nuts, fresh betel nuts, fresh cashew nuts, fresh cola/kola nuts, fresh gingko nuts, fresh nuts, fresh pine nuts, roasted nuts, raw nuts; unprocessed cereals; raw cocoa beans; raw nut kernels; malt for brewing and distilling; fresh almonds and raw almonds; fresh hazelnuts; fresh peanuts; unprocessed edible sesame; maize; unprocessed barley; unprocessed sorghum; rye; unprocessed edible flaxseed; fresh chickpeas; rice, unprocessed; sugarcane; fresh fruit; fresh vegetables; fresh onions; fresh garlic; fresh parsley; pepper plants; fresh pulses

SERVICES

Class 35

(1) Business management for a supply chain; provision of business information, business planning, business management organization, business consultancy, management of business (for others) and business advice services in the fields of logistics, facilities management, warehouse management, warehouse efficiency and design, procurement and purchasing, supplier management, supplier selection, supplier evaluation, stock, inventory and merchandising, assembly and operations, supply chain matters, transportation and fleet management; business management services relating to third party contract; business project management of warehouse development and equipment installations; business management of logistics in the field of delivery services; risk management consultancy (business)

Class 36

(2) Insurance services; insurance services relating to property and transit, motor loss or damage, cash and cash in transit, fidelity guarantee, and excess legal liability insurance; financial customs brokerage services; financial risk management services; investment fund services; financial management services

Class 39

(3) Packaging, namely, merchandise packaging, packaging of articles for transportation, crating, warehouse and storage services; supply chain logistics and reverse logistics services consisting of the transportation of goods for others by air, rail, ship or truck; supply chain logistics and reverse logistics services, namely, storage, transportation and delivery of goods for others by air, rail, ship or truck; supply chain logistics and reverse logistics services, namely, storage, transportation and delivery of documents, packages, raw materials, and other freight for others by air, rail, ship or truck; rental of vehicles and storage containers; garage rental services; air transportation of goods; freight transportation by rail

Class 40

(4) Processing of agricultural products, namely, fruit pressing, flour milling; milk processing; fruit crushing; processing of seeds; material treatment namely bleaching of plastics, rubber and cotton; treatment of plastics, rubber and cotton for fire retardation, water proofing, treatment of plastics,

rubber and cotton for resistance to stains, pests, mould and water; material treatment namely treatment of palm oil, crude palm oil and oils by the removal of polychlorinated biphenols, processing and refining of palm oil, processing and refining of oil, treatment of materials using chemicals, treatment of carpets to impart antistatic and stain repellent properties, treatment of clothing for recycling purposes, treatment of paper namely waterproofing, waxing paper, bleaching paper, metal treatment services namely heat treatment for hardening or softening of metals, treatment of resistance to rust, vulcanization of rubber, recycling of waste and chemicals, water treatment, treatment of waste, treatment of wood and sawdust for resistance of stains, pests, mould and water; fermentation of grape juice to wine for others; distillation of alcohol, distillation of water; fruit pressing; flour milling; operation of saw mills, planing of timber; clothes and cloth dyeing services, fabric dyeing services, sawing of timber, burnishing boat hulls, burnishing coins by abrasion; burnishing of floors; sawing of timber, burnishing of timber using abrasion techniques; timber preservation; woodworking; cloth dyeing; dyeing of clothing; textile dyeing; textile treating, namely, textile fireproofing and textile waterproofing; fabric waterproofing; cloth treating; flour milling; oilseed grinding; cocoa grinding; food smoking; freezing of foods; cooking oil and vegetable oil recycling services, oil production services; freezing of foods, canning of foods for others.

Class 42

(5) Research and development of new products for others; medical laboratory services, veterinary laboratories, chemical laboratories, optical laboratories, laboratory research in the field of chemistry and bacteriology; laboratory research in the field of food chemistry, food safety and microbiology; provision of scientific information in the field of biological research in the field of agriculture and food technology; chemical analysis services; chemical research services; bacteriological research, biochemical research and analysis, biomedical research services; technical research in the field of chemistry; technical research in the field of food and beverages; technical research services relating to foods and dietary supplements; technical research in the field of environmental engineering; technical research in the field of pollution detection; quality evaluation of standing timber services; analysis of water quality; geological surveys services; energy auditing services; calibration of laboratory equipment, calibration of industrial temperature controllers, calibration of electronic equipment, calibration measuring services of weighing apparatus; research in the field of environmental protection; advice and consultancy in relation to food chemistry

Class 44

(6) Consultancy, advisory and information services relating to agriculture; agriculture services relating to environmental conservation; provision of agricultural information services in the form of agricultural reports; pest control services in the area of agriculture; weed control services in the area of agriculture

Goods

(1) Downloadable digital files namely, reports, briefs, pamphlets, articles, papers and collections of papers in the fields of human nutrition, undernutrition and malnutrition, the causes, effects and treatment of vitamin and mineral deficiencies, micronutrient nutrition, fortification and enrichment of foods with vitamins and minerals, salt iodization, maternal, newborn and infant health, maternal, newborn and infant nutrition, the planning, delivery, operation, evaluation and improvement of projects and programs in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition, and the formulation, implementation, evaluation and improvement of policies in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition; Downloadable digital files namely educational and teaching materials in the fields of human nutrition, undernutrition and malnutrition, the causes, effects and treatment of vitamin and

mineral deficiencies, micronutrient nutrition, fortification and enrichment of foods with vitamins and minerals, salt iodization, maternal, newborn and infant health, maternal, newborn and infant nutrition, the planning, delivery, operation, evaluation and improvement of projects and programs in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition, and the formulation, implementation, evaluation and improvement of policies in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition, namely course notes, instructor notes, and presentation materials namely slides, handouts and case studies; Downloadable digital files namely podcasts and videos in the fields of human nutrition, undernutrition and malnutrition, the causes, effects and treatment of vitamin and mineral deficiencies, micronutrient nutrition, fortification and enrichment of foods with vitamins and minerals, salt iodization, maternal, newborn and infant health, maternal, newborn and infant nutrition, the planning, delivery, operation, evaluation and improvement of projects and programs in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition, and the formulation, implementation, evaluation and improvement of policies in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition; Pre-recorded CDs, USB drives, and flash memory devices containing reports, briefs, articles and papers in the fields of human nutrition, undernutrition and malnutrition, the causes, effects and treatment of vitamin and mineral deficiencies, micronutrient nutrition, fortification and enrichment of foods with vitamins and minerals, salt iodization, maternal, newborn and infant health, maternal, newborn and infant nutrition, the planning, delivery, operation, evaluation and improvement of projects and programs in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition, and the formulation, implementation, evaluation and improvement of policies in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition; Pre-recorded CDs, USB drives, and flash memory devices containing educational materials in the fields of human nutrition, undernutrition and malnutrition, the causes, effects and treatment of vitamin and mineral deficiencies, micronutrient nutrition, fortification and enrichment of foods with vitamins and minerals, salt iodization, maternal, newborn and infant health, maternal, newborn and infant nutrition, the planning, delivery, operation, evaluation and improvement of projects and programs in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition, and the formulation, implementation, evaluation and improvement of policies in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition namely, course notes, instructor notes, and presentation materials namely slides, handouts and case studies; and Pre-recorded CDs, USB drives, flash memory devices and DVDs containing podcasts and videos in the fields of human nutrition, undernutrition and malnutrition, the causes, effects and treatment of vitamin and mineral deficiencies, micronutrient nutrition, fortification and enrichment of foods with vitamins and minerals, salt iodization, maternal, newborn and infant health, maternal, newborn and infant nutrition, the planning, delivery, operation, evaluation and improvement of projects and programs in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition, and the formulation, implementation, evaluation and improvement of policies in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition.

(2) Printed materials namely, books, reports, briefs, pamphlets, articles, papers and collections of papers in the fields of human nutrition, undernutrition and malnutrition, the causes, effects and treatment of vitamin and mineral deficiencies, micronutrient nutrition, fortification and enrichment of foods with vitamins and minerals, salt iodization, maternal, newborn and infant health, maternal, newborn and infant nutrition, the planning, delivery, operation, evaluation and improvement of projects and programs in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition, and the formulation, implementation, evaluation and improvement of policies in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition; and Printed educational and teaching materials in the fields of human nutrition, undernutrition and malnutrition, the causes, effects and treatment of vitamin and mineral deficiencies, micronutrient nutrition, fortification and enrichment of foods with vitamins and minerals, salt iodization, maternal, newborn and infant health, maternal, newborn and infant nutrition, the planning, delivery, operation, evaluation and improvement of projects and programs in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition, and the formulation, implementation, evaluation and improvement of policies in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition namely course notes, instructor notes, and presentation materials namely slides, handouts and case studies.

SERVICES

(1) Business management services in the fields of the planning, delivery, operation, evaluation and improvement of projects and programs in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition, and the formulation, implementation, evaluation and improvement of policies in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition; Business advisory and consulting services in the fields of the

planning, delivery, operation, evaluation and improvement of projects and programs in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition, and the formulation, implementation, evaluation and improvement of policies in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition; Project and program management services in the fields of the planning, delivery, operation, evaluation and improvement of projects and programs in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition, and the formulation, implementation, evaluation and improvement of policies in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition; Project and program consulting and advisory services in the fields of the planning, delivery, operation, evaluation and improvement of projects and programs in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition, and the formulation, implementation, evaluation and improvement of policies in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition; and Research in the fields of the planning, delivery, operation, evaluation and improvement of projects and programs in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition, and the formulation, implementation, evaluation and improvement of policies in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition.

(2) Fundraising for projects, programs and research in the fields of human nutrition, undernutrition and malnutrition, the causes, effects and treatment of vitamin and mineral deficiencies, micronutrient nutrition, fortification and enrichment of foods with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition, the planning, delivery, operation, evaluation and improvement of projects and programs in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition, and the formulation, implementation, evaluation and improvement of policies in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition; Financing of projects, programs and research in the fields of human nutrition, undernutrition and malnutrition, the causes, effects and treatment of vitamin and mineral deficiencies, micronutrient nutrition, fortification and enrichment of foods with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition, the planning, delivery, operation,

evaluation and improvement of projects and programs in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition, and the formulation, implementation, evaluation and improvement of policies in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition

(3) Education and training services, namely, providing live and online classes, courses, seminars, webinars and workshops in the fields of human nutrition, undernutrition and malnutrition, the causes, effects and treatment of vitamin and mineral deficiencies, micronutrient nutrition, fortification and enrichment of foods with vitamins and minerals, salt iodization, maternal, newborn and infant health, maternal, newborn and infant nutrition, the planning, delivery, operation, evaluation and improvement of projects and programs in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition, and the formulation, implementation, evaluation and improvement of policies in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition; Publication of reports, briefs, pamphlets, articles, papers and collections of papers in the fields of human nutrition, undernutrition and malnutrition, the causes, effects and treatment of vitamin and mineral deficiencies, micronutrient nutrition, fortification and enrichment of foods with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition, the planning, delivery, operation, evaluation and improvement of projects and programs in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition, and the formulation, implementation, evaluation and improvement of policies in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition.

(4) Operation of a website for the provision of information in the fields of human nutrition, undernutrition and malnutrition, the causes, effects and treatment of vitamin and mineral deficiencies, micronutrient nutrition, fortification and enrichment of foods with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition, the planning, delivery, operation, evaluation and improvement of projects and programs in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition, and the formulation, implementation, evaluation and improvement of policies in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition; Operation of a website for the publication and distribution of downloadable and non-downloadable digital files namely, reports, briefs, pamphlets, articles, papers and collections of papers, educational and teaching materials, namely, course notes, instructor notes, and presentation materials namely

slides, handouts and case studies and podcasts and videos all in the fields of human nutrition, undernutrition and malnutrition, the causes, effects and treatment of vitamin and mineral deficiencies, micronutrient nutrition, fortification and enrichment of foods with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition, the planning, delivery, operation, evaluation and improvement of projects and programs in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition, and the formulation, implementation, evaluation and improvement of policies in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition; Research in the fields of human nutrition, undernutrition and malnutrition, the causes, effects and treatment of vitamin and mineral deficiencies, micronutrient nutrition, fortification and enrichment of foods with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition.

Goods

(1) Downloadable digital files namely, reports, briefs, pamphlets, articles, papers and collections of papers in the fields of human nutrition, undernutrition and malnutrition, the causes, effects and treatment of vitamin and mineral deficiencies, micronutrient nutrition, fortification and enrichment of foods with vitamins and minerals, salt iodization, maternal, newborn and infant health, maternal, newborn and infant nutrition, the planning, delivery, operation, evaluation and improvement of projects and programs in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition, and the formulation, implementation, evaluation and improvement of policies in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition; Downloadable digital files namely educational and teaching materials in the fields of human nutrition, undernutrition and malnutrition, the causes, effects and treatment of vitamin and

mineral deficiencies, micronutrient nutrition, fortification and enrichment of foods with vitamins and minerals, salt iodization, maternal, newborn and infant health, maternal, newborn and infant nutrition, the planning, delivery, operation, evaluation and improvement of projects and programs in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition, and the formulation, implementation, evaluation and improvement of policies in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition, namely course notes, instructor notes, and presentation materials namely slides, handouts and case studies; Downloadable digital files namely podcasts and videos in the fields of human nutrition, undernutrition and malnutrition, the causes, effects and treatment of vitamin and mineral deficiencies, micronutrient nutrition, fortification and enrichment of foods with vitamins and minerals, salt iodization, maternal, newborn and infant health, maternal, newborn and infant nutrition, the planning, delivery, operation, evaluation and improvement of projects and programs in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition, and the formulation, implementation, evaluation and improvement of policies in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition; Pre-recorded CDs, USB drives, and flash memory devices containing reports, briefs, articles and papers in the fields of human nutrition, undernutrition and malnutrition, the causes, effects and treatment of vitamin and mineral deficiencies, micronutrient nutrition, fortification and enrichment of foods with vitamins and minerals, salt iodization, maternal, newborn and infant health, maternal, newborn and infant nutrition, the planning, delivery, operation, evaluation and improvement of projects and programs in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition, and the formulation, implementation, evaluation and improvement of policies in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition; Pre-recorded CDs, USB drives, and flash memory devices containing educational materials in the fields of human nutrition, undernutrition and malnutrition, the causes, effects and treatment of vitamin and mineral deficiencies, micronutrient nutrition, fortification and enrichment of foods with vitamins and minerals, salt iodization, maternal, newborn and infant health, maternal, newborn and infant nutrition, the planning, delivery, operation, evaluation and improvement of projects and programs in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition, and the formulation, implementation, evaluation and improvement of policies in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition namely, course notes, instructor notes, and presentation materials namely slides, handouts and case studies; and Pre-recorded CDs, USB drives, flash memory devices and DVDs containing podcasts and videos in the fields of human nutrition, undernutrition and malnutrition, the causes, effects and treatment of vitamin and mineral deficiencies, micronutrient nutrition, fortification and enrichment of foods with vitamins and minerals, salt iodization, maternal, newborn and infant health, maternal, newborn and infant nutrition, the planning, delivery, operation, evaluation and improvement of projects and programs in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition, and the formulation, implementation, evaluation and improvement of policies in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition.

(2) Printed materials namely, books, reports, briefs, pamphlets, articles, papers and collections of papers in the fields of human nutrition, undernutrition and malnutrition, the causes, effects and treatment of vitamin and mineral deficiencies, micronutrient nutrition, fortification and enrichment of foods with vitamins and minerals, salt iodization, maternal, newborn and infant health, maternal, newborn and infant nutrition, the planning, delivery, operation, evaluation and improvement of projects and programs in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition, and the formulation, implementation, evaluation and improvement of policies in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition; and Printed educational and teaching materials in the fields of human nutrition, undernutrition and malnutrition, the causes, effects and treatment of vitamin and mineral deficiencies, micronutrient nutrition, fortification and enrichment of foods with vitamins and minerals, salt iodization, maternal, newborn and infant health, maternal, newborn and infant nutrition, the planning, delivery, operation, evaluation and improvement of projects and programs in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition, and the formulation, implementation, evaluation and improvement of policies in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition namely course notes, instructor notes, and presentation materials namely slides, handouts and case studies.

SERVICES

(1) Business management services in the fields of the planning, delivery, operation, evaluation and improvement of projects and programs in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition, and the formulation, implementation, evaluation and improvement of policies in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition; Business advisory and consulting services in the fields of the

planning, delivery, operation, evaluation and improvement of projects and programs in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition, and the formulation, implementation, evaluation and improvement of policies in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition; Project and program management services in the fields of the planning, delivery, operation, evaluation and improvement of projects and programs in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition, and the formulation, implementation, evaluation and improvement of policies in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition; Project and program consulting and advisory services in the fields of the planning, delivery, operation, evaluation and improvement of projects and programs in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition, and the formulation, implementation, evaluation and improvement of policies in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition; and Research in the fields of the planning, delivery, operation, evaluation and improvement of projects and programs in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition, and the formulation, implementation, evaluation and improvement of policies in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition.

(2) Fundraising for projects, programs and research in the fields of human nutrition, undernutrition and malnutrition, the causes, effects and treatment of vitamin and mineral deficiencies, micronutrient nutrition, fortification and enrichment of foods with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition, the planning, delivery, operation, evaluation and improvement of projects and programs in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition, and the formulation, implementation, evaluation and improvement of policies in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition; Financing of projects, programs and research in the fields of human nutrition, undernutrition and malnutrition, the causes, effects and treatment of vitamin and mineral deficiencies, micronutrient nutrition, fortification and enrichment of foods with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition, the planning, delivery, operation,

evaluation and improvement of projects and programs in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition, and the formulation, implementation, evaluation and improvement of policies in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition

(3) Education and training services, namely, providing live and online classes, courses, seminars, webinars and workshops in the fields of human nutrition, undernutrition and malnutrition, the causes, effects and treatment of vitamin and mineral deficiencies, micronutrient nutrition, fortification and enrichment of foods with vitamins and minerals, salt iodization, maternal, newborn and infant health, maternal, newborn and infant nutrition, the planning, delivery, operation, evaluation and improvement of projects and programs in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition, and the formulation, implementation, evaluation and improvement of policies in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition; Publication of reports, briefs, pamphlets, articles, papers and collections of papers in the fields of human nutrition, undernutrition and malnutrition, the causes, effects and treatment of vitamin and mineral deficiencies, micronutrient nutrition, fortification and enrichment of foods with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition, the planning, delivery, operation, evaluation and improvement of projects and programs in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition, and the formulation, implementation, evaluation and improvement of policies in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition.

(4) Operation of a website for the provision of information in the fields of human nutrition, undernutrition and malnutrition, the causes, effects and treatment of vitamin and mineral deficiencies, micronutrient nutrition, fortification and enrichment of foods with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition, the planning, delivery, operation, evaluation and improvement of projects and programs in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition, and the formulation, implementation, evaluation and improvement of policies in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition; Operation of a website for the publication and distribution of downloadable and non-downloadable digital files namely, reports, briefs, pamphlets, articles, papers and collections of papers, educational and teaching materials, namely, course notes, instructor notes, and presentation materials namely

slides, handouts and case studies and podcasts and videos all in the fields of human nutrition, undernutrition and malnutrition, the causes, effects and treatment of vitamin and mineral deficiencies, micronutrient nutrition, fortification and enrichment of foods with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition, the planning, delivery, operation, evaluation and improvement of projects and programs in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition, and the formulation, implementation, evaluation and improvement of policies in the fields of human nutrition, treatment of vitamin and mineral deficiencies, micronutrient nutrition, nutritional supplementation, fortification and enrichment of food with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition; Research in the fields of human nutrition, undernutrition and malnutrition, the causes, effects and treatment of vitamin and mineral deficiencies, micronutrient nutrition, fortification and enrichment of foods with vitamins and minerals, salt iodization, maternal, newborn and infant health and maternal, newborn and infant nutrition.

COPPERWELD FIRST GROUND

Image Description (Vienna)

- Circles
- Two circles, two ellipses, one inside the other
- Stains, spots, blots
- Bars, cables -- Notes: (a) Including electric cables. -- (b) See also 9.1.7.
- Sections of cables
- Letters presenting a special form of writing
- Letters linked to a figurative element -- Note: Letters representing a human being or a part of the human body, an animal or a part of an animal's body, a plant, a heavenly body, a natural phenomenon or an object are classified in division 27.3.
- White, grey, silver
- Black
- Brown
- Red, pink, orange

Colour Claim

Colour is claimed as a feature of the trade-mark. The mark consists of the word 'COPPERWELD' in the color gray and the words 'FIRST GROUND' in the color black. These words are super imposed on a curved length of copper coloured stranded/braided wire with one gray end to the right of the words, and a frayed end to the left of the words in copper color. The stranded/braided wire forms a partial loop. Inside the partial loop are two interlocking crescents facing each other, the one to the left is in the colour copper: the one to the right is in the colour grey.

Goods

Class 06

Copperclad steel utility wire; coppercald steel stranded cable wire; copperclad steel single end wire
